Aviation Green Paper

Dear Members,

You can take action to sustain the tourism industry in Tropical North Queensland by making a response to the Aviation Green Paper. You need to write to the Minister about the Aviation Green Paper before the end of this week.

Here is a draft letter you may use for your response, email to aviationstatement@infrastructure.gov.au and copy to: Jim Turnour MP, Member for Leichhardt Jim.Turnour.mp@aph.gov.au and Rob Giason, TTNQ CEO ceo@tnq.org.au

Dear Minister,

I write in response to the National Aviation Policy Green Paper, published in December 2008.

The Green Paper avoids addressing a failed policy as it affects Australia's regional airports. There are three primary options available to create further incentives for airlines to operate international routes out of regional airports:

- Offering 'beyond rights' capacity to international airlines on flights operated out of airports other than the Big Four – Sydney, Melbourne, Brisbane and Perth
- Triangulation rights with major airports could also increase the number of services in regional airports.
- Australian carriers holding an Australian Air Operators Certificate - irrespective of 'principal place of business' or ownership - should be permitted to operate international air services to and from regional airports.

We believe that, rather than close the door on all of the initiatives put forward by TTNQ and Cairns Airport, the government should examine air access initiatives on a "case by case" scenario, with the outcome based on the 'greatest good' for Australia as a whole.

Thanking you in advance for your consideration with our request to support the development and growth of regional airports and cities.

Yours sincerely,

Aviation access is a key to sustaining our industry, your action supporting a better deal for regional airports is critical.

Rob Giason
