Dear Minister,

Reference: National Aviation Policy Review

I am a 30+ year resident of Tyabb, a member of the Tyabb & District Ratepayers Group (T&DRG) and also one of the two Ratepayer Group Representatives at the Mornington Peninsula Shire Council's sponsored Tyabb Airfield Community Liaison Group.

I have been actively involved in discussions at both the Ratepayers Group and Liaison Group, concerning "Tyabb Airfield" and it would seem that the biggest hurdle to clear is the total lack of support at any level of Government department / authority, with regards to such things as noise control and overall control of "authorised landing areas" of which Tyabb is classed as.

Hence the National Review called by your department is greatly overdue and it's outcome I trust will go all the way to correcting many matters that concern me and the residents of Tyabb and many other communities around Australia that have similar concerns.

I fully support the comments raised within the "T&DRG" "A Submission to the National Aviation Policy Review" dated 15th August 2008 and request that it be given a fair hearing by the review committee.

Yours Sincerely
