

20<sup>th</sup> June, 2008

The Hon. Anthony Albanese MP  
Minister for Infrastructure, Transport,  
Regional Development and Local Government,  
Parliament House,  
CANBERRA, ACT, 2600.

Dear Senator Albanese,

NATIONAL AVIATION POLICY  
ISSUES PAPER April 2008

I wish to add my comments to the above submission.

I am very concerned about the projected lack of space surrounding Moorabbin Airport.

At the moment there is a golf course on the land adjacent to the airport which provides a valuable open space for relaxation and wild life at the same time providing space adjacent to the airport in the event that there may be an emergency.

A large number of planes and helicopters fly over the area providing business, leisure activities and training of pilots.

Another issue is the problem of traffic congestion in the area. With dense development on the site the surrounding roads will become even busier than they are already and will be carrying much more heavy traffic to the detriment of surrounding suburbs.

I would like to think that the welfare of local people in the suburbs is taken into account when decisions are being made into the future.

Yours faithfully,

Jessie Brent
