Subject: Submission for Comment on Brisbane Airport

Hello

Our family lives at Morningside, in Brisbane.

The booklet on the <http://www.infrastructure.gov.au/aviation/nap/submissions.aspx> website indicates that 4 major Australian airports already have curfews, so the precedent has been set.

When the noisy freight planes fly over our house in the middle of the night, it's a very frightening and intrusive noise.

1. Brisbane Airport should definitely have a curfew from 11pm to 5am.
2. As residents, we would like over 90% of Brisbane flights to go in and out over Moreton Bay, not over the Brisbane suburbs.

Yours faithfully
Kevin and Colleen Tarrant
