

Corrections to the 2006-07 Annual Report  
Department of Transport and Regional Services  
Identified since tabling on 31 October 2007  
(as at 23 November 2007)

The following corrections apply to both the printed version, and the PDF version of the report (which appears on the DOTARS website ([www.dotars.gov.au](http://www.dotars.gov.au))), and have been incorporated in the navigable HTML version of the report which also appears on the DOTARS website:

- The dollar figures for Market Research and Advertising for 2006-07 in Figures C1 and C2 of Appendix C should have appeared as GST inclusive rather than GST exclusive amounts. The GST inclusive amount can be obtained by multiplying each figure by 1.1.
- The URL for the BTRE that appears at the foot of the “Case Study: Regional Research” in Appendix B should have appeared as [www.btre.gov.au](http://www.btre.gov.au).
