CONSULTANCIES LET IN 2008-09 WITH A VALUE OF \$10,000 OR MORE

The following is a list of consultancies let during 2008-09 with a contract price of \$10,000 or more. All values shown are for the life of the contract and all include goods and services tax (GST) unless annotated to the contrary.

While some contracts involve a fixed price, the value of others depends on the level of demand of the services involved. In these cases, we report the best available estimate of the contract value based on expenditure to date and likely demand over the remainder of the contract.

(1) Selection Process

Open tender: A procurement process in which a request for tender is published inviting all businesses that satisfy the conditions for participation to submit tenders.

Select tender: A procurement process where the Department identifies all interested (or potentially interested) eligible suppliers from which the field of participating suppliers is to be selected. This is usually from a multi-use list or an expression of interest.

Direct sourcing: A procurement process, available only under certain defined circumstance, in which an agency may contract a single potential supplier or suppliers of its choice and for which only a limited set of mandatory procurement procedures apply.

Panel: An arrangement under which a number of suppliers, usually selected through a single procurement process, may each supply property or services to an agency as specified in the panel arrangements.

(2) Justification for Decision to use Consultancy:

- A. Skills currently unavailable within department
- B. Need for specialised or professional skills
- C. Need for independent research or assessment
