

Third Edition ADRs – Applicability Summary Passenger Vehicles

1. This table seeks to show:
 - a. the national standards in force for new model vehicles as at July 2008 and the vehicle categories to which those standards are applicable (see note #);
 - b. the dates on which standards not yet in force will come into force, and the vehicles to which they will then be applicable.
 - c. earlier revisions of the national standards that are accepted as equivalent to the standards in force for new model vehicles (refer to relevant standard for acceptable prior rules).

2. ADR notation:

ADR X/00 indicates the original version of ADR X

ADR X/01 indicates the first revised version of a standard where the amendment increases in stringency, includes additional vehicle categories, or changes content significantly. ADR X/02 is the second revision, and so on.

ADR X/..., the ellipsis ... should be taken to indicate that the latest rule is being specified.

3. Vehicle Category Codes:

Codes for vehicle categories and definitions are in [Definitions and Vehicle Categories](#) and can be found on web page: http://www.infrastructure.gov.au/roads/motor/design/adr_online.aspx

(The UNECE Vehicle Category Codes are shown in brackets in the following table.)

MA - PASSENGER CAR - A passenger vehicle, not being an off-road passenger vehicle or a forward-control passenger vehicle, having up to 9 seating positions, including that of the driver.

MB - FORWARD-CONTROL PASSENGER VEHICLE - A passenger vehicle, not being an off-road passenger vehicle, having up to 9 seating positions, including that of the driver, and in which the centre of the steering wheel is in the forward quarter of the vehicle's 'Total Length.'

MC - OFF-ROAD PASSENGER VEHICLE - A passenger vehicle having up to 9 seating positions, including that of the driver and being designed with special features for off-road operation. (See [Definitions and Vehicle Categories](#) for special features)

MD - LIGHT OMNIBUS - An omnibus with a 'Gross Vehicle Mass' not exceeding 5.0 tonnes.

ME – HEAVY OMNIBUS - An omnibus with a 'Gross Vehicle Mass' exceeding 5.0 tonnes.

4. **The table is for guidance only. Users must refer to the relevant standard for the circumstances under which the standard is mandatory, optional or prohibited.**

5. Symbols used in the Table:

<i>Symbol</i>	<i>Meaning</i>
X	Applicable.
*	Application date when the ADR became effective for the vehicle category described.
#	Application date may be different between new and existing model vehicles. See relevant standard for details.
**	Application date may be different for category types. See relevant standard for details.
