Subject: Submission to noise regulation review [SEC=UNCLASSIFIED]

Sensitivity: Normal

Comment: Dear Noise Review,

I think it is important that people value the importance of silence.

I am lucky enough to live in a very quiet place and regret the intrusion of man made noise.

Drones are intrusive, particularly with their noise and visually.

One company or member of society do not have the right to disturb others with unwanted noise.

Thanks for considering my opinion.

Cherish the silence.

With best wishes,
Michael Vaughan
