

Darwin City Deal Implementation Plan

By 2028 more people will be living, working and studying in Darwin's city centre

Deliver
an Education and Civic Precinct in the CBD

Increase public amenity through the transformation of public spaces including Civic & State Square

Improve
Darwin's liveability by cooling and greening the city

More events, festivals and activities that **activate** public spaces

Position **Darwin** as the best practice example of **tropical** urban living

Improve
Indigenous employment and supplier use outcomes

Better
planning, design and decisions due to **improvements** in local data capability

Increase
the number of visitors to the city

Increase
cultural amenity through a new Art Gallery and consideration of a Larrakia Cultural Centre

Key focus areas

A revitalised and vibrant city centre

A cooler and greener city

A city that showcases and celebrates Larrakia culture

A great place to live, work, study and visit

A digitally advanced Darwin
