

Shipping Business Unit Industry Bulletin

Number 2 of 2018 – Archiving of Publications

The Department of Infrastructure, Regional Development and Cities will be moving some older coastal trading documents from the Department's website.

The documents will still be publicly available on the Australian Government Web Archive.

The affected publications are:

- Temporary Licence Publications and Variations Received.
- Temporary Licences Granted.
- Temporary Licence Applications and Variations Refused.

The most recent documents will still be available on the Department's website. Generally documents published in the current and previous year will remain on the Department's website.

Where documents have been archived, there will be a link on the Department's website to the location of the documents on the Australian Government Web Archive.

These changes are being made to better manage the content on the Department's website.

If you require further information or assistance, please contact the Shipping Business Unit at: <sbu@infrastructure.gov.au>.
