# 1 Investing in Our Communities Program processes

## **Investing in Our Communities Program is designed to achieve Government objectives**

This grant program contributes to the Department of Infrastructure, Transport, Regional Development, Communication and the Arts' Outcome 3. The Department works with stakeholders to plan and design the grant program according to the [Commonwealth Grants Rules and Guidelines \(CGRGs\)](#).

## **The grant opportunity opens**

We publish the grant guidelines on [GrantConnect](#)

## **We invite you to submit an application**

We invite you to submit an application for funding for a project identified by the Australian Government. Only those organisations nominated by the Australian Government can be considered.

## **You complete and submit a grant application**

You complete the application form and address all of the eligibility and assessment criteria to be considered for a grant.

## **We assess all grant applications**

We assess the applications against eligibility criteria and notify you if you are not eligible, if applicable. We assess your eligible application against the assessment criteria including the overall consideration of value with relevant money.

## **We make grant recommendations**

We provide advice to the Program Delegate on the value for money assessment of each application.

## **Grant decisions are made**

The Program Delegate decides which applications are successful.

## **We notify you of the outcome**

We advise you of the outcome of your application.

## **We enter into a grant agreement**

If you are successful we will enter into a grant agreement with you. The type of grant agreement is determined by us and based on the nature of the grant and is proportionate to the risks involved.

## **Delivery of grant**

You undertake the grant activity as set out in your grant agreement. We manage the grant by working with you, monitoring progress and making payments when program requirements are met.

## **Evaluation of the Investing In Our Communities Program**

We evaluate your specific grant activity and the program as a whole. We base this on information you provide to us and that we collect from various sources.

## 1.1 Introduction

These guidelines contain information for the Investing in Our Communities Program (the program).

The program will deliver 2022 federal election commitments of up to \$5 million and projects of up to \$5 million committed by the former Government during the 2022 Pre-election Economic and Fiscal Outlook.

The program is non-competitive and only projects identified by the Australian Government will be delivered. If your project has been identified to receive grant funding you will be invited to apply for the program.

You should not assume that a commitment of funding and an invitation to apply means that funding approval is guaranteed. All applications will be subject to a rigorous value with relevant money assessment.

You must read these guidelines before filling out an application.

This document sets out:

- the purpose of the grant program
- the application process
- the eligibility and assessment criteria
- how grant applications are considered and selected
- the governance arrangements
- how grantees are notified and receive grant payments
- how grantees will be monitored and evaluated
- responsibilities and expectations in relation to the program.

### 1.1 About the Program

The program will run over five financial years from 2022-2023 to 2026-2027. The program was announced as part of the 2022-2023 October Budget.

The purpose of this program is to deliver the Government's commitments for community and sporting infrastructure, open space improvements and other community priorities where Commonwealth grant funding is \$5 million or less. Funded projects are intended to assist communities to build their strengths and improve liveability.

The objectives of the program are to:

- build resilient communities through the provision of social and community facilities;
- improve community amenity, accessibility and liveability; and
- drive economic opportunity in the community and broader region.

The intended outcomes of the program are to:

- enhance community infrastructure;
- encourage community cohesion; and
- have a positive impact on economic activity within communities.

The Department of Infrastructure, Transport, Regional Development, Communication and the Arts (the Department) administers the program according to the [Commonwealth Grants Rules and Guidelines](#) (CGRGs)<sup>1</sup>.

## 2 Grant amount and grant period

### 2.1 Grants available

The Australian Government has announced a total of \$349.9 million of administered funding over five years to 2026-2027 for the program.

There is no minimum grant amount. The maximum grant available under the program will be \$5 million (GST exclusive). Grants cannot exceed the amount identified for your project in the invitation to apply for the program.

Organisations with projects identified by the Australian Government will be invited to submit an application form to the Department.

### 2.2 Grant period

Funding will be available for Australian Government identified projects that are scheduled for completion with final payment made before 30 June 2027. The maximum grant period for individual grants is three (3) years from the time the grant agreement is executed.

You must complete your project by the project end date specified in your grant agreement which cannot be after 31 December 2026.

An evaluation of the grant program will commence in 2024 to inform future, similar programs.

If the grant activity is part of a larger project you should provide evidence to show how the grant activity can be delivered in isolation and the outcomes to be achieved as a result of the grant.

The Program Delegate makes the final decision on what are eligible grant activities and may also approve other activities.

### 4.2 Eligible expenditure

You can only spend the grant on eligible expenditure you have incurred undertaking eligible grant activities or agreed project activities.

Eligible expenditure items will be confirmed by us in the agreement.

Your exemption request will be reviewed and the Program Delegate will make the final decision on what are ineligible grant activities.

## 5 The assessment criteria

This assessment process allows the Australian Government to ensure your project is eligible for funding under this program.

You must address all of the following assessment criteria in your application. We will assess your application based on the weighting given to each criterion. Assessment Criteria One, Two and

Three will be assessed against set benchmarks relative to the size, complexity and grant amount requested.

We will only consider funding applications that score at least 60 per cent against each assessment criterion. Applications that do not meet the benchmark for the criteria overall will not be considered value with relevant money and will not be awarded funding. Where we identify that more information is required to determine whether the proposal is value with relevant money we will work with you to obtain that information.

The amount of detail and supporting evidence you provide in your application should be relative to the size, complexity and grant amount requested. You should provide evidence to support your claims against the criteria.

The Assessment Criteria for the program are:

- Benefits of your project to the Community
- Project Viability and Sustainability
- Grantee Capacity, Capability and Resources to carry out the project.

## 5.1 Assessment criterion 1

### **Benefits of your project to the community (15 points)**

You should demonstrate this by identifying:

- a. Why the project is needed by the community and how they will benefit from the project, including the social and/or economic impact of the project,
- b. the broader benefits your project will deliver for the region and community during and beyond the term of funding, and
- c. providing the details of any economic outcomes you expect from the project in the immediate and long term, including for indigenous jobs and business opportunities.

Examples of how your project could deliver economic and/or social benefits may include but are not limited to:

- contributing to increased economic activity including increasing the number or value of jobs
- reducing or mitigating the impact of carbon emissions
- increasing Indigenous economic participation, including Indigenous employment and supplier-use outcomes
- examples of how your project may benefit the wider community not just your organisation/operation, such as supporting upskilling, capability development, improving outcomes for women, or contributing to a healthy lifestyle
- the use of local suppliers and goods where practicable, especially those that employ the use of sustainable work practices/goods
- making a region a more attractive place to live, or filling a 'gap' within the community
- level of community participation in the project
- improving community connections and social inclusion, or increasing community volunteering
- supporting or protecting local heritage, environment and culture

## 5.2 Assessment criterion 2

### Project viability and sustainability (15 points)

You should demonstrate this through identifying:

- a. how grant funding will impact the project including:
  - whether the project will proceed without funding
  - the scope and timing of the project.
- b. your readiness to commence the project including:
  - whether regulatory and/or development approvals are required or in place
  - project designs and costings are underway or finalised
  - authority from the land or infrastructure owner to undertake the project at the nominated site(s)
  - funding contributions from all sources
  - whether community consultation has taken place.
- c. your plan to manage the project including addressing scope, implementation plan, procurement and works, timeframes, budget and risk management, commensurate to the size and nature of the project.

You must attach a current project budget to your application. If you are seeking a grant amount greater than \$100,000 you must also include a project plan.

**If your project is still in the planning or concept stage, it may not be considered unless a grant agreement can be executed within ten weeks of notification of approval of funding.**

## 5.3 Assessment criterion 3

### Your capacity, capability and resources to carry out the project (15 points)

You should demonstrate this through identifying:

- a. your track record with similar projects and access to personnel with the right skills and experience; any support or investment that will be leveraged to progress your project.
- b. the legal and financial status of the applicant including:
  - your financial capacity to progress the project. This is particularly relevant where payments of funding are made in arrears
  - the nature of financial policies and procedures, and the governance structure of your organisation
- c. your ability to maintain the project for the duration of the operational period.

If we find an error or information that is missing or we require clarification or additional information from you that will not change the nature of your application, we may contact you. Whilst we will make reasonable attempts to resolve any questions, the ultimate responsibility for providing sufficient information to enable us to assess your application rests with you.

You should keep a copy of your application and any supporting documents.

We will acknowledge that we have received your application within three (3) working days. This date initiates the proposed timeline referred to at 6.2.

Projects are expected to be 'shovel ready' at the time the application form is submitted

- 'shovel ready' means a project has been scoped, costed and planned sufficiently that the Australian Government is confident the supplier market can be formally approached or

---

<sup>[1]</sup> Alterations and addenda include but are not limited to: corrections to currently published documents, changes to close times for applications, Questions and Answers (Q&A) documents and Frequently Asked Questions (FAQ) documents

construction work commence and the project will not be unnecessarily delayed by known or expected factors.

**Requests for additional funding from the Australian Government will not be considered in this program**

We can only accept applications using the program application form and all requirements of this form must be addressed.

Further:

- requests for an extension to the application submission date or minor changes of scope must be provided to us in writing, clearly stating the reasons and revised timeframes for project delivery, prior to the submission due date. Requests for extension must not be more than four (4) weeks from the original due date.
- we will make a recommendation to the decision maker as to whether a change of scope should be considered, or that the funding commitment should be withdrawn.

Applications must be submitted via email to [liOC@infrastructure.gov.au](mailto:liOC@infrastructure.gov.au). This will be provided in your invitation to submit an application for funding.

### 6.1 Timing of grant program processes

You **must** submit an application within six (6) months of the date the invitation to apply is emailed by us. Applications submitted outside this period will not be considered unless you have previously obtained approval from us.

Once we receive your completed application form and supporting documentation, we will undertake a value with relevant money assessment of the project proposal against the factors listed in these guidelines.

Once the assessment of the project has been completed, a recommendation on funding will be provided to the decision maker.

The decision maker will consider whether the proposal will make proper use of Commonwealth resources, as required by Commonwealth legislation, and whether any specific requirements will be imposed as a condition of funding, should funding be approved. All projects must be approved by the Department by 31 December 2023.

If the project is approved, you will be notified in writing and will be required to negotiate and enter into a grant agreement with the Australian Government within ten (10) weeks of the notification. If you do not enter into a grant agreement within this period and have not received approval from us to extend the time period, the offer will be withdrawn.

Timelines for approval and notification will be dependent upon you providing sufficient project information for an assessment to be completed and a grant agreement executed.

Table 1: Expected timing for this grant program

## 6.2 Questions during the application process

If you have any questions during the application period, contact us phone on 1800044938 or by email at [liOC@infrastructure.gov.au](mailto:liOC@infrastructure.gov.au).

## 7 The grant selection process

### 7.1 Assessment of grant applications

We first review your application against the eligibility criteria. If eligible, we will then assess it against the assessment criteria. Only eligible applications will proceed to the assessment stage.

We consider your application on

- how well it meets the criteria

- whether it provides value with relevant money.<sup>2</sup>

When assessing the extent to which the application represents value with relevant money, we will have regard to:

- the overall objective/s to be achieved in providing the grant
- the relative value of the grant sought
- the extent to which the evidence in the application demonstrates that it will contribute to meeting the outcomes/objectives
- whether the project has a risk profile that is acceptable to the Australian Government, with any identified risk able to be efficiently and effectively managed
- the extent to which the evidence provided confirms the project matches the stated commitment of funding.

The threshold level of the project will then determine the type of agreement.

The threshold levels and risk considerations are shown in the table below.

Table 2: Project Threshold Levels

Threshold Level	Type of Agreement	Factors considered
<p>Threshold One</p> <p>≤ \$100,000 grant value</p> <p>&gt;\$100,000 and ≤\$200,000 grant value where the project is assessed as low risk.</p>	Letter of Agreement	<p>Grantee’s grant management history with Commonwealth, state and local governments.</p> <p>Project Scope, that is, if the project is a simple or low risk construction project such as renovation or upgrades to existing buildings, installation of shade structures, erecting fences, improvements to recreational infrastructure, or the purchase and installation of prefabricated structures</p>
<p>Threshold Two</p> <p>&gt; \$100,000 ≤ \$2,000,000 grant value</p> <p>Higher risk Threshold One projects</p>	Simple Grant Agreement	<p>Grantee’s grant management history with Commonwealth, state and local governments.</p> <p>Project Scope, that is the project is more complex or higher risk than the low risk project described in threshold one and may include new small to medium sized buildings, larger multi-room extensions or upgrades of existing buildings.</p>

<sup>2</sup> See glossary for an explanation of ‘value with money’.

Threshold Level	Type of Agreement	Factors considered
<p>Threshold Three – All Other Projects</p> <p>&gt; \$2,000,000 grant value</p> <p>Higher risk Threshold One or Two Projects</p> <p>More than one project contracted under the one Agreement</p>	Standard Grant Agreement	All grants that don't meet the requirements of Thresholds One and Two are automatically Threshold Three grants.

## 7.2 Who will assess applications?

We (the Department) will assess each eligible application on against the assessment criteria.

When the assessment is completed a recommendation will be made to the Program Delegate on which applications to approve for a grant.

## 7.3 Who will approve grants?

The program delegation lies with a Senior Executive Service (SES) Band 1 official at the Department of Infrastructure, Transport, Regional Development, Communications and the Arts. They will decide which grants to approve considering our recommendations and the availability of grant funds for the purposes of the grant program.

The Program Delegate's decision is final in all matters, including:

- the approval of the grant
- the grant funding amount to be awarded
- the terms and conditions of the grant.

We cannot review decisions about the outcome of your application.

# 8 Notification of application outcomes

We will advise you of the outcome of your application in writing. If you are successful, we will advise you of any specific conditions attached to the grant.

If you are unsuccessful, we will give you an opportunity to discuss the outcome.

## 8.1 Feedback on your application

If you are unsuccessful, you may ask for feedback within three (3) months of being advised of the outcome. This request must be sought in writing by email at [liOC@infrastructure.gov.au](mailto:liOC@infrastructure.gov.au). We will give written feedback within one month of your request.

# 9 Successful grant applications

## 9.1 The grant agreement

You must enter into a legally binding grant agreement with the Commonwealth.

We use three types of grant agreements in this program. The type of grant agreement selected for use will depend on a number of factors, including, but not limited to, the size and complexity of your project. We may also use a bespoke agreement where it is required by the nature of the project.

Each grant agreement has general terms and conditions that cannot be changed. Sample grant agreements are available at [www.infrastructure.gov.au](http://www.infrastructure.gov.au). The grant agreement outlines the grant requirements. There may be specific conditions attached to the funding approval as a result of the assessment or further consideration by the Program Delegate. These will be identified in the offer of funding or during the grant agreement negotiations.

We **must** execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed by both parties.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

### 9.1.1 Letter of Acceptance, Simple Grant Agreement and Standard Grant Agreement

We will use either a letter of acceptance, simple grant agreement or standard grant agreement for this program. The type of grant agreement to be used will be determined by the Department. See Table 2 at Section 7.1 for details.

Where you have been invited to apply for funding for more than one project under this program, we **may** use a single grant agreement for multiple projects where it is effective and efficient to do so.

You will have four (4) weeks from the date of a written offer to sign this grant agreement with the Commonwealth ('execute' means both you and the Commonwealth have signed the grant agreement). During this time, we will work with you to finalise details.

The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we **may** extend this period.

You may request changes to the project details in the grant agreement. However, we will review any required changes to these details to ensure they do not impact the grant as approved by the Program Delegate.

## 9.2 Specific legislation, policies and industry standards

Whilst you are required to be compliant with all relevant laws and regulations and Australian Government sanctions, you may be requested to demonstrate compliance with certain legislation/policies/industry standards:

In particular, you will be required to comply with:

- certain building and construction requirements; and
- all legislation in relation to working with children, where applicable.

It is a condition of the grant funding that you meet these requirements. These requirements will be included in your grant agreement. If you do not adhere to the conditions of the grant agreement, the agreement may be terminated.

### 9.2.1 Child Safe Requirements

You must comply with all relevant legislation relating to the employment or engagement of anyone working on the project who may interact with children, including all necessary Working With Children checks.

You must implement the [National Principles for Child Safe Organisations](#)<sup>3</sup> endorsed by the Commonwealth.

You will need to complete a risk assessment to identify the level of responsibility for children and the level of risk of harm or abuse and put appropriate strategies in place to manage those risks. You must update this risk assessment at least annually. You will also need to establish a training and compliance regime to ensure personnel are aware of, and comply with, the risk assessment requirements, relevant legislation, including mandatory reporting requirements and the National Principles for Child Safe Organisations.

You will be required to provide an annual statement of compliance with these requirements in relation to working with children.

### 9.3 How we pay the grant

Where the value of a grant is \$100,000 or less, a payment of up to 90% of the total grant value will be made on execution of the grant agreement. The amount of upfront payment will be negotiated as part of the grant agreement. On request, the Program Delegate may approve payment of the full grant amount (of grants up to \$100,000) based on a risk assessment.

Grant funding is not provided in a lump sum or in advance for grants greater than \$100,000.

The grant agreement will state the:

- description of the project to be delivered including the identified grant activities
- maximum grant amount to be paid
- any financial contributions you must make (if applicable)
- any financial contribution provided by a third party (if applicable) and
- milestone requirements, timing and any associated payments.

A payment schedule will be negotiated with you. Grant funding will be paid generally in arrears.

- as you achieve agreed milestones; and
- on our acceptance of satisfactory progress reports, which will include evidence of achievements.

We set aside at least 10 per cent of the total grant for the final payment. We will pay this when you submit a satisfactory project completion report demonstrating you have completed all outstanding obligations for the project.

The Program Delegate **may** approve alternative arrangements on a discretionary basis.

We will not exceed the maximum grant amount under any circumstances. If you incur extra costs, you must meet them yourself.

### 9.4 Grants payments and GST

Eligible applicants are required to be registered for the Goods and Services Tax (GST). Where applicable, we will add GST to your grant payment and may issue a recipient created tax invoice or request a tax invoice for the grant payment. You are required to notify us if you intend to change

---

<sup>3</sup> <https://chilsafe.humanrights.gov.au/national-principles>

your GST registration status changes during the project period. GST does not apply to grant payments to government related entities<sup>4</sup>.

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#).<sup>5</sup> We do not provide advice on your particular taxation circumstances.

## 10 Announcement of grants

If successful, your grant will be listed on the GrantConnect website 21 calendar days after the date of effect, as required by Section 5.3 of the [CGRGs](#). We will publish non-sensitive details of successful projects on GrantConnect.

## 11 How we monitor your grant activity

### 11.1 Keeping us informed

You **must** let us know as soon as you become aware of anything likely to affect your project or organisation. This includes any anticipated changes to the project outcomes.

We need to know of any key changes to your organisation or its business activities, particularly if they affect your ability to complete your project, carry on business and pay debts due.

You must also inform us of any changes to your:

- name
- addresses
- nominated contact details
- bank account details.
- GST status.

If you become aware of a breach of terms and conditions under the grant agreement, you must contact us immediately. You must notify us of any activities regarding the project such as instances of allegations of fraud or illegal activity.

You **must** notify us of events or publicity relating to your grant and provide an opportunity for the Minister or their representative to attend. The requirements relating to events are identified in the agreement.

### 11.2 Reporting

You must submit reports in line with the grant agreement. We will provide templates for these reports. We will remind you of your reporting obligations before a report is due. We will expect you to report on at least:

- progress against agreed project milestones
- contributions of participants directly related to the project (if applicable)
- expenditure of the grant

---

<sup>4</sup> See Australian Taxation Office ruling GSTR 2012/2 available at [ato.gov.au](#)

<sup>5</sup> <https://www.ato.gov.au/>

- achievement of any specific conditions and
- the outcomes delivered by the project.

We will work with you so that you can provide the necessary information that we need to assess your progress. The level of information required will be relative to the complexity of the project and grant amount.

We will monitor progress by assessing the reports you submit and may conduct site visits or request records to confirm details of your reports if necessary. We may need to re-examine claims, seek further information or request an independent audit of claims and payments.

### 11.2.1 Progress reports

Progress reports must:

- include evidence of your progress towards completion of agreed activities and outcomes
- show the total eligible expenditure incurred to date, including evidence of expenditure
- be submitted by the report due date (you can submit reports ahead of time if you have completed relevant activities).

We will only make grant payments when we receive satisfactory progress reports. We **may** also require that all previous grants payments have been expended or committed prior to making a payment.

You must discuss any reporting delays with us as soon as you become aware of them.

### 11.2.2 Ad-hoc reports

We may ask you for ad-hoc reports on your grant. We will only do this where it is necessary to obtain an update on progress, or identify any significant delays or difficulties in completing the project.

### 11.2.3 Completion report

When you complete the project, you must submit a completion report.

Completion reports must:

- identify how outcomes have been achieved
- include the agreed evidence as specified in the grant agreement
- identify the total eligible expenditure incurred
- note any factors affecting the project and outcomes
- be submitted within the time specified in the grant agreement and in the format provided in the grant agreement.

## 11.3 Financial declaration / Audited financial acquittal report

We will ask you to provide a declaration that the grant money was spent in accordance with the grant agreement and to report on any underspends of the grant money.

In addition, we may ask you to provide an independently audited financial acquittal report. A financial acquittal report will verify that you spent the grant in accordance with the grant agreement. The financial acquittal report template is provided with the Completion Report.

Your grant agreement will clearly outline your reporting requirements.

## 11.4 Grant agreement variations

We recognise that unexpected events may affect your progress. In these circumstances, you can request a variation to your grant agreement. You can request a variation by completing a Request for Variation Form to be supplied by us.

We cannot increase the amount of funding you receive, regardless of the reason. We will only consider variations to the length of your project up to the end of the program period. You should not assume that a variation request will be agreed. We will consider your request based on provisions in the grant agreement and the likely impact on achieving outcomes.

## 11.5 Compliance visits

We may visit you during or at the completion of your project to review your compliance with the grant agreement. We will provide you with reasonable notice of any compliance visit.

## 11.6 Record keeping

We may also request or inspect the records you are required to keep under the grant agreement.

## 11.7 Evaluation

We will evaluate the program to measure how well the outcomes and objectives have been achieved. We may use information from your application and reports for this purpose. We may also interview you, or ask you for more information to help us understand the impact of your grant and to evaluate how effective the program was in achieving its outcomes.

We may contact you for up to 5 years after you finish your project for more information to assist with this evaluation.

## 11.8 Acknowledgement

Successful grantees will be required to comply with a range of branding and recognition requirements which may include holding an official opening event. These requirements are identified in the agreement and guidance is provided on our website.

You must also notify us of any other events relating to your project where there may be opportunities for the relevant Minister or Government representative to attend. These requirements are also identified in the agreement.

All signage, publicity and public statements must acknowledge the Australian Government funding using words and branding that are approved by us.

# 12 Probity

The Australian Government will make sure that the grant opportunity process is fair, according to the published guidelines, incorporates appropriate safeguards against fraud, unlawful activities and other inappropriate conduct, and is consistent with the CGRGs.

These guidelines may be changed from time-to-time by the Department. When this happens, the revised guidelines will be published on GrantConnect.

## 12.1 Enquiries and feedback

The Department's Complaints Management procedures apply to complaints about this grant program. All complaints about a grant process must be provided in writing.

Any questions you have about grant decisions for this grant opportunity should be sent to [liOC@infrastructure.gov.au](mailto:liOC@infrastructure.gov.au)

## 12.2 Conflicts of interest

Any conflicts of interest could affect the performance of the grant program. There may be a conflict of interest, or perceived conflict of interest, if the Department's staff or advisor and/or you or any of your personnel:

- has a professional, commercial or personal relationship with a party who is able to influence the application selection process, such as an Australian Government officer
- has a relationship with, or interest in, an organisation which is likely to interfere with or restrict the applicants from carrying out the proposed activities fairly and independently or
- has a relationship with, or interest in, an organisation from which they will receive personal gain because the organisation receives a grant under the grant program.

You will be asked to declare, as part of your application, any perceived or existing conflicts of interests or that, to the best of your knowledge, there is no conflict of interest.

If you later identify an actual, apparent, or perceived conflict of interest, you **must** inform the Department in writing immediately.

Conflicts of interest for Australian Government staff will be handled as set out in the Australian [Public Service Code of Conduct \(Section 13\(7\)\)](#) of the [Public Service Act 1999 \(Cth\)](#). Other officials including the decision maker must also declare any conflicts of interest.

## 12.3 Disclosure of Commonwealth, State or Territory financial penalties

You must disclose whether any of your board members, management or persons of authority have been subject to any pecuniary penalty, whether civil, criminal or administrative, imposed by a Commonwealth, State, or Territory court or a Commonwealth, State, or Territory entity. If this is the case, you must provide advice to the department regarding the matter for consideration.

This includes disclosing grant information on GrantConnect as required for reporting purposes and giving information to the Australian Taxation Office for compliance purposes.

We may share the information you give us with other Commonwealth entities for purposes including government administration, research or service delivery, according to Australian laws.

As part of your application, you declare your ability to comply with the *Privacy Act 1988* and the Australian Privacy Principles and impose the same privacy obligations on officers, employees, agents and subcontractors that you engage to assist with the activity, in respect of personal information you collect, use, store, or disclose in connection with the activity. Accordingly, you must not do anything, which if done by the Department would breach an Australian Privacy Principle as defined in the [Privacy Act 1988 \(Cth\)](#).

For further information about our privacy obligations (including in relation to how to access or correct personal information of make a complaint) and our contact details for privacy matters, please see our [Privacy Policy](#).

The obligation will not be breached where you are required by law, Parliament or a stock exchange to disclose the relevant information or where the relevant information is publicly available (other than through breach of a confidentiality or non-disclosure obligation).

We may at any time, require you to arrange for you, or your employees, agents or subcontractors, to give a written undertaking relating to nondisclosure of our confidential information in a form we consider acceptable.

## Appendix A. Eligible expenditure

This section provides guidance on the eligibility of expenditure for investment ready projects. We may update this guidance from time to time, so you should make sure you have the current version from the website before preparing your application.

The Program Delegate makes the final decision on what is eligible expenditure in accordance with the guidelines and may give additional guidance on eligible expenditure if required.

To be eligible, expenditure must:

- be incurred by you within the project period
- be a direct cost of the project or
- be incurred by you to undertake required project audit or signage activities and
- meet the eligible expenditure guidelines.

You can only use funding for eligible expenditure.

In-kind contributions are not eligible expenditure.

### A.1 How we verify eligible expenditure

We will ask you to verify the project budget you provide in your application and when we negotiate your grant agreement. You may need to provide evidence such as quotes for major costs.

The grant agreement will include details of the evidence you may need to provide when you achieve certain milestones in your project. This may include evidence related to eligible expenditure.

If requested, you will need to provide the agreed evidence along with your progress reports.

You must keep payment records of all eligible expenditure, and be able to provide evidence for how the costs relate to the agreed project activities. At any time, we may ask you to provide records of the expenditure you have paid. If you do not provide these records when requested, the expense may not qualify as eligible expenditure.

At the end of the project, you may be required to provide an independent financial audit of all eligible expenditure from the project.

### A.2 Materials for construction

We consider costs of acquiring materials for the construction of infrastructure as eligible expenditure. Where possible and suitable for your project, you should use locally procured and sustainable, recycled or repurposed building materials. For example applications of sustainable, recycled or repurposed building materials and to find potential suppliers see the [sustainable and recycled products](#) page on the Department of Climate Change, Energy, the Environment and Water's website.

You must list material costs as a separate item within your project budget in the application form where applicable.

Examples of eligible material costs can include:

- building materials
- ICT cabling
- fit out of the infrastructure, such as window dressings
- fixed furniture (e.g. kitchen fit outs as part of the construction of a building)

- landscaping.

You may show expenditure on materials by providing evidence of:

- purchase price
- payments (e.g. tax invoices and receipts from suppliers confirming payment)
- commitment to pay for the materials (e.g. supplier contract, purchase order or executed lease agreement)
- receipt of materials (e.g. supplier or freight documents)
- associated costs such as freight and installation (e.g. supplier documents)

If you claim expenditure for materials, we limit this to:

- the costs of materials
- freight costs.

### A.3 Hired/leased plant

You may lease plant and equipment to support your project and, where possible, you should use local suppliers.

You must calculate eligible expenditure for hired, rented, or leased plant by the number of payment periods where you use the plant for the project multiplied by the period hiring fee. If you purchase plant under a hire purchase agreement, or you use a lease to finance the purchase of the plant, the cost of the item of plant, excluding interest, is capitalised, and then depreciated.

Running costs for hired or leased plant are eligible expenditure but you must be able to verify them. They may include items such as rent, light and power, and repairs and maintenance.

### A.4 Contract expenditure

Eligible contract expenditure is the cost of work undertaken on any agreed eligible project activities that you contract others to do. This can include contracting:

- another organisation
- an individual who is not an employee, but engaged under a separate contract.

It can also include contracting others on the core elements of the project related to construction. This may include:

- architect services
- design services
- project management
- quantity surveying
- building services.

Costs for pre-construction activities including architect services, design, surveying, planning, environmental or other regulatory approvals, are limited to 20 per cent of the total amount of eligible project expenditure claimed.

Where possible, you should engage local labour and services.

This must not include existing employees that you pay a salary or a wage.

Where possible, you should engage local contractor/operators. All contractors must have a written contract prior to starting any project work—for example, a formal agreement, letter or purchase order which specifies:

- the nature of the work they perform
- the applicable fees, charges and other costs payable.

Invoices from contractors must contain:

- a detailed description of the nature of the work
- the hours and hourly rates involved
- any specific plant expenses paid.

Invoices must directly relate to the agreed project, and the work must qualify as an eligible expense. The costs must also be reasonable and appropriate for the activities performed.

We will require evidence of contractor expenditure that may include:

- an exchange of letters (including email) setting out the terms and conditions of the proposed contract work
- purchase orders
- supply agreements
- invoices and payment documents.

You must ensure all project contractors keep a record of the costs of their work on the project. We may require you to provide a contractor's records of their costs of doing project work. If you cannot provide these records, the relevant contract expense may not qualify as eligible expenditure.

## A.5 Other eligible expenditure

Other eligible expenditure for the project may include:

- financial auditing of project expenditure
- costs you incur in order to obtain planning, environmental or other regulatory approvals during the project period.
- agreed program signage if applicable as outlined in 10.8 of these guidelines.

Other specific expenditures may be eligible as determined by the Program Delegate in accordance with the CGRGs and Government practice.

Evidence can include but is not limited to supplier contracts, purchase orders, invoices and supplier confirmation of payments.

## Appendix B. Ineligible expenditure

This section provides guidance on what we consider ineligible expenditure. We may update this guidance from time to time, so you should make sure you have the current version from the website before preparing your application.

The Program Delegate may impose limitations or exclude expenditure, or further include some ineligible expenditure listed in these guidelines in a grant agreement or otherwise by notice to you.

Examples of ineligible expenditure include:

- purchase of land or existing infrastructure, including the costs associated with sub-division of land
- repair or replacement of existing infrastructure where there is no demonstrated significant increase in benefit
- ongoing operating costs, including utilities
- payment of salaries for the applicant's existing employees. Exemptions may be sought, for example, in the case of remote locations. A request for exemption needs to be supported by evidence that demonstrates exceptional circumstances and that there are no alternative solutions to the use of existing staff
- project overhead items including office equipment, vehicles or the grantee's mobile capital equipment. Exemptions may be sought for the use of capital equipment such as trucks and earth moving equipment. A request for exemption needs to be supported by evidence that demonstrates exceptional circumstances and that there are no alternative solutions to the use of existing plant and equipment
- business case development and feasibility studies
- costs related to registered training organisation training activities
- routine operational expenses, including communications, travel, marketing, accommodation, printing and stationery, postage, legal and accounting fees and bank charges
- writing the application and reporting on the grant
- making donations, gifts and sponsorships
- pre-construction activities, including architect services, design, surveying, planning, environmental or other regulatory approvals, that exceed 20 per cent of the total eligible project expenditure

Additional examples of ineligible expenditure specific to investment ready projects include:

- ICT equipment, including software or hardware that is not an integral part of the funded infrastructure project.

This list is not exhaustive and applies only to the expenditure on the agreed project. Other costs may be ineligible where the Program Delegate determines they do not directly support the achievement of the planned outcomes for the project or they are contrary to the objectives of the program. You must ensure you have adequate funds to meet the costs of any ineligible expenditure associated with the project.
