## Employee Engagement

Employee engagement is more than simply job satisfaction or commitment to an organisation. It is the extent to which employees are motivated, inspired and enabled to improve an organisation's outcomes.

|        |                                                                                   | % Positive | % Neutral  | % Negative |    |     |     |     |

## Speak Up Culture

The measure of speak up culture is based on psychological safety, which is the belief that one will not be punished or humiliated for speaking up with ideas, questions, concerns or mistakes, and the team is safe for interpersonal risk taking.

|                                                                                                                                                                               | % Positive | % Neutral  | % Negative |    |    |    |    |

Employees who perceived bullying or harassment in the last 12 months were asked what type of bullying or harassment they experienced. Employees could select one or more responses from a list of items.

The three options with the highest proportion of responses are presented here. These may vary between agencies, work units and with results for the APS overall.

## Unacceptable behaviour - corruption

|                                                                                                                                                                                                                | %          | Difference from 2025 | Difference from APS overall | Difference from Policy agencies | Difference from Large sized agencies |

## Taking action on Census results

APS Employee Census results are a rich source of workplace information, and action planning is how these results and data are mobilised.

Consider using the guide on the next page to begin your approach to taking action on your Census results.

|                                                                 | % Positive | % Neutral | % Negative |   |    |    |    |
|-----------------------------------------------------------------|------------|-----------|------------|---|----|----|----|
| I am confident my agency will act on the results of this survey | 48%        | 31%       | 21%        | - | +1 | +2 | +2 |

## Use this page to start your local action plans

Identify areas to celebrate, areas which you need to investigate further and opportunities for improvement. Prioritise 3 areas to take forward.

| Celebrate                                                                         | Investigate further<br>with our teams                                                                   | Opportunities                                                           |
|-----------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------|
| What things do we do well?                                                        | Are there any other opportunities coming out of the results that we want to explore further?            | Areas we need to focus on and turn into action plans:                   |
|                                                                                   |                                                                                                         |                                                                         |
|                                                                                   |                                                                                                         |                                                                         |
| Think about how we can build on our strengths and learn from what we are good at. | How could we investigate? Through looking at the data in more detail or through discussions with staff? | What are the key things we need to improve to make working here better? |

| Prioritise 3 areas for action | Timescales | Owner | Resources required | Target / Success measure |
|-------------------------------|------------|-------|--------------------|--------------------------|
| 1.                            |            |       |                    |                          |
| 2.                            |            |       |                    |                          |
| 3.                            |            |       |                    |                          |

## % Positive Score calculation

Where results are shown as positive percentages (% positive), these are calculated by adding together positive responses ("strongly agree" + "agree" or "always" + "often") and dividing by the number of respondents who answered the question.

## Reverse Scored questions

For some questions, agreement with the question indicates an unfavourable outcome. For example, agreeing with the question *"I feel burned out by my work"*. In these instances, % Positive is calculated by adding together 'strongly disagree' + 'disagree' responses.

## Calculation of index scores

The questions that comprise each index are asked on a five-point scale. To calculate a respondent's index score, their answers are recoded to fall on a scale between 0 and 100 (i.e. coded as 0, 25, 50, 75 or 100) and then averaged across all questions.

Index scores of individual respondents are combined and averaged to form a group score.

## Rounding

Results are presented as whole numbers for ease of reading, with rounding performed at the last stage of calculation for maximum accuracy. Values from x.00% to x.49% are rounded down and values from x.50% to x.99% are rounded up. Therefore, in some instances, results may not total 100%.

## Anonymity

It is best practice not to display the results of groups of respondents to the extent where the anonymity of individuals may be compromised. Results will not be shown where there are less than 10 respondents in a group.

## Comparisons to previous years

The method of analysing and reporting specific results may be periodically reviewed and revised. Such improvements are applied to current data and that of previous years. For this reason, the current report is always the most accurate data source for APS Employee Census results, including comparisons with time series data.
