

## Recommendation

I have assessed the application to import NISSAN Leaf ZE1-002710 under the RAW's Modification application type and your application is unable to meet this option by:

- After Completing a decode of your chassis number we can see that the vehicle is a 9/2017 Model not a 11/2017 which is what you have provided, as the Model report date range is 10/2017 – 4/2019. Therefore, we cannot grant import approval as your vehicle is outside of the date range for the Model Report.

Application notes -Referral

Hi §22(1)(a)  
(ii)

this applicant applied under RAWS Mod

intention to refuse was sent as the chassis number that was decoded did not match the chassis provided nor did it match the model report date range

the applicant has now replied to the intention to refuse, please see lates RFI response for further information

cheers
