Good evening

As flagged, the attached motion requiring the Minister representing the Minister for Infrastructure, Transport, Regional Development and Local Government (Senator Watt) to table documents regarding fuel or vehicle

Released under the Freedom of Information Act 1982 by the Department of Infrastructure, Transport, Regional Development, Communications and the Arts

emissions standards (please note the details in the attached have been amended) was moved by Senator McKenzie and agreed to by the Senate this afternoon.

The Senator's office will shortly receive a letter from the Clerk of the Senate outlining the order agreed by the Senate. The Senator is required to provide the specified documents by **no later than 12.00pm, Thursday 8 February 2024**.

Once the documents have been gathered and approved by the Senator for tabling, they should be accompanied by a letter to the President of the Senate (Senator the Honourable Sue Lines), indicating that the documents are the Senator's response to the Order for the Production of Documents (notice of motion number 458). Alternatively, the Senator can write to the President of the Senate outlining their reasons for not being in a position to comply with the order.

- Where the documents are being requested of a Senate minister in their capacity representing a House of Representatives minister, it is the House of Representatives minister's responsibility for compiling the documents, but the Senate minister's responsibility to respond to the order. In these circumstances, the House of Representatives minister should write to the Senate minister, outlining the response or reasons for non-compliance, and the Senate minister should write a cover letter addressed to the President of the Senate conveying the response.
- On the day before the return to order is due, the Senate minister's office should inform the Senate Parliamentary Liaison Officer whether or not the order is likely to be complied with by the designated date and time. We can then indicate to the Senate whether or not a response will be tabled at ministerial statements on the due date.
- If further time is required, the Senate minister should table a letter by the due date, advising that further time is required in order to respond. As per the above, if the order has been directed to a Senate minister in their capacity representing a House of Representatives minister, the House of Representatives minister should write to the Senate minister, outlining the reasons for the delay, and the Senate minister should write a cover letter addressed to the President of the Senate conveying the response.
- Three copies of the material should be provided to the Senate sub-programming office (room SG105 (outside of the government entrance to the Senate chamber) on sitting days, or room SG25 on non-sitting days). In addition, as a matter of courtesy, one copy should be delivered to the requesting Senators office.
- Please provide an electronic copy to the Senate Parliamentary Liaison Officer to ensure we are aware the order has been responded to.

Please ensure you consult with Senator Wong's office s22(1)(a)(ii) @aph.gov.au regarding responding to the Order.

Attached is a one page information sheet on Orders for the Production of Documents, but please contact me if you have any questions.

What is an OPD	<ul style="list-style-type: none"> The Senate may make an order for the Government to table specified information/documents at or by a particular time on a particular day. An order can be made as a 'one off' request for documents or may be a permanent order, known as an 'order of continuing effect' (where there may be annual or biannual deadlines). Request for an OPD	<ul style="list-style-type: none"> A notice of motion will be lodged and moved by a senator, and determined during 'Discovery of Formal Business' on any sitting day, ie after Question Time on Mondays to Wednesdays or before Question Time on Thursdays. If agreed, the Clerk will write to the Leader of the Government in the Senate and the relevant Minister in the Senate to inform them of the Order. The Senate PLO will also advise the Minister's office (by email) as soon as the motion is agreed in the Chamber to ensure as much notice as possible is given.
Responding to an OPD	<ul style="list-style-type: none"> Decisions about the release of documents are up to the relevant Minister/s. There has been general acceptance by the Senate that there is some information held by the Government which ought not to be disclosed, but consideration should be given to past practice and the sanctions the Senate is able to impose. There are two options: <ul style="list-style-type: none"> Comply in full Partial or nil response - Ministers must then outline the reason/s for non-compliance and any claims for public interest immunity. Where the Minister is a House Minister, the response must be from the Minister representing the Minister in the Senate. Where an OPD impacts on a number of portfolios, one Minister's office must coordinate a whole of government response. It is then essential that the response is cleared by all Ministers affected. Responses should be unclassified as they will be tabled in the chamber and available on the APH website.
Lodgement and copy requirements	<ul style="list-style-type: none"> Three copies of the response should be delivered to the Senate Table Office in SG105 (adjacent to the Government entrance to the Senate Chamber) on sitting days, or in SG25 on non-sitting days, by the time agreed by the Senate. In addition, as a matter of courtesy, one copy should be delivered to the Senator who moved the motion (specified in the email from the Senate PLO). A single PDF (which should include the letter to the President from the minister, and any attachments related to that order) must be sent to the Senate Table Office at table.docs@aph.gov.au. Where the documents are to be provided to a Senate Committee, one copy should be provided to the Committee Secretary (either hard copy or electronic) – contact details are on committee websites.
Possible sanctions for non-compliance with an OPD	<ul style="list-style-type: none"> If a minister does not comply or provide a satisfactory response within 30 days of the deadline, a senator may after Question Time ask the relevant minister for an explanation and may move to take note of the explanation or move a motion in relation to the minister's failure to provide an answer or satisfactory explanation. Possible sanctions for non-compliance by a Minister include: <ul style="list-style-type: none"> a censure motion against the Minister a ban on legislation from the Minister's portfolio for a period establishment of a Senate select committee to inquire into and report on matters related to an OPD a resolution of contempt of the Senate with penalties applied in accordance with the <i>Parliamentary Privileges Act 1987</i>.

Thank very much Paula for looking so quickly.

I've rechecked the Dynamic red (attached). Looks like McKenzie amended (b) but not (a) or (c), so DISR is still there on those items.

I'll follow up with PMC on the process and then get these over to the MO.

Hi s22(1)(a)(ii)

We're updating our senate estimates briefing with information regarding the Senate order for the production of documents no. 458. Our senate estimates hearing is on Monday.

We don't have a lot of background on the process for responding to these orders. I know the senate order is publicly available (page 94 of [Orders for the production of documents – Parliament of Australia \(aph.gov.au\)](https://aph.gov.au/Orders-for-the-production-of-documents)). Do you know if it's likely the response to the order will be made public by Monday?

Happy for a call or a meeting if it's easier to discuss verbally.

For your information, also providing the attached article.
