Sirs,

I am unable to make a detailed submission regarding noise from Brisbane Airport with aircraft continually taking off and landing, disturbing local residents.

However in the strongest possible terms I want to protest at the flight path being directly across residential homes on the Redcliffe Peninsula. Aircraft ought to pass over the ocean of Moreton Bay. Instead of this there are regular flights travelling the length of the Redcliffe Peninsula, directly over homes, sometimes so low that the undercarriage is clearly visible.

Flights occur at various times, particularly on weekends, and often in the early night.

We ask that all flights are routed over the ocean of Moreton Bay and that there be a curfew imposed so there are no flights between 5:00am and 7:00pm.

Regards,
Christopher Whittall OAM KSJ
