

To the New Developments team at the Department of Infrastructure, Transport, Regional Development, Communications, and the Arts (DITRDCA):

Thank you for the invitation from DITRDCA to comment on possible amendments to pit and pipe exemption criteria under Part 20A of the Telecommunications Act 1997 (the Act).

I forwarded the invitation to members of the Communications Alliance Working Committee 103 on In Building Pathways (WC103), whose terms of reference include the topic of new developments.

Members of WC103 include NBN Co, Optus, Telstra, TPG Telecom and Vocus plus an independent engineering consultant on telecommunications in new developments.

I have received no comment on, including no objection to, the proposed amendments from the members of WC103.

In the spirit of reconciliation the Communications Alliance acknowledges the Traditional Custodians of country throughout Australia and their connections to land, sea and community. We pay our respect to their Elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples today.
