Project information

Project title and description

If your application is successful, we will publish some grant opportunity details on [GrantConnect](#) and other government publications. Published details include:

- name of the grant recipient
- a project title
- a brief project description and its intended outcome
- amount of grant funding awarded

Project title

Example of project title: Upgrade to facilities at Jane Citizen Park.

Upgrade of yard

Provide a brief project description for publication.

Ensure your project description focuses on your project's key activities and outcomes. Outline what your project will do and how it will provide social benefits to your community.

Example of brief project description: New shade shelters and BBQ's will be installed in Jane Citizen Park in Cityville. These will encourage community members to use the park and spend time being active.

Integricare, a not for profit service supporting children in the community who are mainly low demographic, will upgrade their yard which will ensure the centre has a welcoming and safe entrance. It will provide social benefits within the electorate community as the development will ensure the preschool entrance will maintain quality and safety.

Detailed project description and key activities

This information will be included in your grant agreement if your application is successful.

Provide a detailed description of your project including the project scope and key activities.

Example detailed project description: Six shade shelters will be purchased and installed above the existing children's' playground and three new electric BBQ's will be purchased and installed adjacent to the playground. The shade shelters will be ordered from a local manufacturer and a landscaper will be engaged to complete all the landscaping works.

New softfall will be installed at the entrance of the children's yard. The current rubber is required to be lifted and quality synthetic grass added. Many of the children and families live in units and do not have access to large playgrounds except when they attend preschool. The grass has the look and feel of real grass without requiring high maintenance while ensuring their safety as well. s47G(1)(a)

Project outcomes

This information will be included in your grant agreement if your application is successful.

Provide a summary of the expected project outcomes.

Where your project is located on school grounds, involves school property, involves upgrades or new equipment used in schools, your project outcomes should explain the social benefits to the broader community.

Example of project outcomes: The project to provide shade shelters and new BBQ's will deliver social benefits to the community by improving the quality of the community facilities. The project will encourage community members to use the park and spend time being active. The provision of shelter will extend the hours of playtime and provide adults, caregivers and older members of the community with a better environment to participate in outdoor community activity.

The new softfall ensures the safety for the children and allows them to take risks while climbing on the equipment. As this is at the entrance this creates an inviting space for the children and families and builds on the children's active skills as usually they are limited within small spaces within unit blocks. The preschool has been a strong secure place in the community for over 35 years. We are fortunate to provide a place that all families can come and connect together, that children can have a large space to run, take risks, grow and build their development, and that teachers can be a part of this and always create a strong foundation for early childhood education.

Declaration

Privacy and confidentiality provisions

I acknowledge that this is an Australian Government program and that the Department of Industry, Science, Energy and Resources (the department) will use the information I provide in accordance with the following:

- [Australian Government Public Data Policy Statement](#)
- [Commonwealth Grants Rules and Guidelines](#)
- grant opportunity guidelines
- applicable Australian laws

Accordingly, I understand that the department may share my personal information provided in this application within this department and other government agencies:

1. for purposes directly related to administering the program, including governance, research and the distribution of funds to successful applicants
2. to facilitate research, assessment, monitoring and analysis of other programs and activities

unless otherwise prohibited by law.

I understand that where I am successful in obtaining a grant, the financial information that I provide for the purposes of payment will be accessible to departmental staff to enable payments to be made through the department's accounts payable software system.

I understand that information that is deemed 'confidential' in accordance with the grant opportunity guidelines may also be shared for a relevant Commonwealth purpose.

The department will publish information on individual grants in the public domain, including on the department's website, unless otherwise prohibited by law.

Applicant declaration

I declare that I have read and understood the grant opportunity guidelines, including the privacy, confidentiality and disclosure provisions.

I declare that the proposed project outlined in this application and any associated expenditure has been endorsed by the applicant's board/management committee or person with authority to commit the applicant to this project.

I declare that the applicant will comply with, and require that its subcontractors and independent contractors comply with, all applicable laws.

I declare that the information contained in this application together with any statement provided is, to the best of my knowledge, accurate, complete and not misleading and that I understand that giving of false or misleading information is a serious offence under the *Criminal Code Act 1995* (Cth).

I acknowledge that I may be requested to provide further clarification or documentation to verify the information supplied in this form and that the department may, during the application process, consult with other government agencies, including state and territory government agencies, about the applicant's claims and may also engage external technical or financial advisors to advise on information provided in the application.

I agree to participate in the periodic evaluation of the services undertaken by the department.

I approve the information in this application being communicated to the department in electronic form.

I understand that the applicant is responsible for ensuring that it has met relevant state or territory legislation obligations related to working with children, and that any person that has direct, unsupervised contact with children as part of a project under this grant opportunity, has undertaken and passed, a working with children check, if required under relevant state or territory legislation. The applicant is also responsible for assessing the suitability of people engaged on this project to ensure children are kept safe.

I acknowledge that if the department is satisfied that any statement made in an application is incorrect, incomplete, false or misleading the department may, at its absolute discretion, take appropriate action. I

note such action may include excluding an application from further consideration; withdrawing an offer of funding; using the information contained in the application for a fraud investigation that would be consistent with the Australian Government's Investigations Standards and Commonwealth Fraud Control Framework and/or for a grant under management, terminating a grant agreement between the Commonwealth and the grantee including recovering funds already paid.

If a Project Sponsor has been nominated – I declare that I am authorised to submit this application on behalf of the Project Sponsor, and enter into a grant agreement that will legally bind the Project Sponsor.

I acknowledge that this application comprises an offer to enter into a legally binding agreement with the Commonwealth. If this application is successful, the Commonwealth may accept this offer by providing a letter of agreement with annexed Grant Terms and Conditions, a copy of which is available on business.gov.au. On provision of this letter of agreement, a legally binding agreement will be in effect comprising:

- this application
- the grant opportunity guidelines in place at the time I submitted the application form
- the letter and annexed Grant Terms and Conditions.

I declare that I am authorised to enter into an agreement with the Commonwealth on behalf of the applicant.

I declare that I am authorised to submit this form on behalf of the applicant and acknowledge that this is the equivalent of signing this application.

By checking this box, I agree to all of the above declarations and confirm all of the above statements to be true.

Project title

Example of project title: Upgrade to facilities at Jane Citizen Park.

Interactive Smart Board in the Classroom

Provide a brief project description for publication.

Ensure your project description focuses on your project's key activities and outcomes. Outline what your project will do and how it will provide social benefits to your community.

Example of brief project description: New shade shelters and BBQ's will be installed in Jane Citizen Park in Cityville. These will encourage community members to use the park and spend time being active.

This project is to install an interactive smart board for the preschool. It will allow for Integricare to provide high quality education program to cater for the diverse classes of children who attend the preschool, and allow for educators to cater for all levels of learning. It will also assist with creating a connection with the local community and the many families who speak English as a second language.

Detailed project description and key activities

This information will be included in your grant agreement if your application is successful.

Provide a detailed description of your project including the project scope and key activities.

Example detailed project description: Six shade shelters will be purchased and installed above the existing children's' playground and three new electric BBQ's will be purchased and installed adjacent to the playground. The shade shelters will be ordered from a local manufacturer and a landscaper will be engaged to complete all the landscaping works.

Our aim is to provide a high quality educational program that caters for all our diverse families and children within our local community. We will achieve this by having the interactive smart board accessibly for the children in the classrooms as we will be using technology to cater for all aspects of learning and apply developmental appropriate program which will be inclusive to all our children. Our planning and documentation process is based on a online platform called StoryPark as we wish to further involve the children and their families into their learning process. This will allow for per collaboration as the children can share their learning with their peers, educators and their family. This interactive smart board is mobile which will allow for flexibility within our indoor and outdoor programs.

Project outcomes

This information will be included in your grant agreement if your application is successful.

Provide a summary of the expected project outcomes.

Where your project is located on school grounds, involves school property, involves upgrades or new equipment used in schools, your project outcomes should explain the social benefits to the broader community.

Example of project outcomes: The project to provide shade shelters and new BBQ's will deliver social benefits to the community by improving the quality of the community facilities. The project will encourage community members to use the park and spend time being active. The provision of shelter will extend the hours of playtime and provide adults, caregivers and older members of the community with a better environment to participate in outdoor community activity.

As we are non for profit preschool catering for children aged between 3-5 years with 90% of our families are non English speaking, we aim to use this interactive smart boards as an additional way of communicating with our families and our local community. Within our preschool we have a wide range of learners as this smart board will help cater for all our visual, aural and our kinaesthetic learners. This will also allow us to build on our relationships and connect closely with all our families and our local community.

Privacy and confidentiality provisions

I acknowledge that this is an Australian Government program and that the Department of Industry, Science, Energy and Resources (the department) will use the information I provide in accordance with the following:

- [Australian Government Public Data Policy Statement](#)
- [Commonwealth Grants Rules and Guidelines](#)
- grant opportunity guidelines
- applicable Australian laws

Accordingly, I understand that the department may share my personal information provided in this application within this department and other government agencies:

1. for purposes directly related to administering the program, including governance, research and the distribution of funds to successful applicants
2. to facilitate research, assessment, monitoring and analysis of other programs and activities

unless otherwise prohibited by law.

I understand that where I am successful in obtaining a grant, the financial information that I provide for the purposes of payment will be accessible to departmental staff to enable payments to be made through the department's accounts payable software system.

I understand that information that is deemed 'confidential' in accordance with the grant opportunity guidelines may also be shared for a relevant Commonwealth purpose.

The department will publish information on individual grants in the public domain, including on the department's website, unless otherwise prohibited by law.

Applicant declaration

I declare that I have read and understood the grant opportunity guidelines, including the privacy, confidentiality and disclosure provisions.

I declare that the proposed project outlined in this application and any associated expenditure has been endorsed by the applicant's board/management committee or person with authority to commit the applicant to this project.

I declare that the applicant will comply with, and require that its subcontractors and independent contractors comply with, all applicable laws.

I declare that the information contained in this application together with any statement provided is, to the best of my knowledge, accurate, complete and not misleading and that I understand that giving of false or misleading information is a serious offence under the *Criminal Code Act 1995* (Cth).

I acknowledge that I may be requested to provide further clarification or documentation to verify the information supplied in this form and that the department may, during the application process, consult with other government agencies, including state and territory government agencies, about the applicant's claims and may also engage external technical or financial advisors to advise on information provided in the application.

I agree to participate in the periodic evaluation of the services undertaken by the department.

I approve the information in this application being communicated to the department in electronic form.

I understand that the applicant is responsible for ensuring that it has met relevant state or territory legislation obligations related to working with children, and that any person that has direct, unsupervised contact with children as part of a project under this grant opportunity, has undertaken and passed, a working with children check, if required under relevant state or territory legislation. The applicant is also responsible for assessing the suitability of people engaged on this project to ensure children are kept safe.

I acknowledge that if the department is satisfied that any statement made in an application is incorrect, incomplete, false or misleading the department may, at its absolute discretion, take appropriate action. I

note such action may include excluding an application from further consideration; withdrawing an offer of funding; using the information contained in the application for a fraud investigation that would be consistent with the Australian Government's Investigations Standards and Commonwealth Fraud Control Framework and/or for a grant under management, terminating a grant agreement between the Commonwealth and the grantee including recovering funds already paid.

If a Project Sponsor has been nominated – I declare that I am authorised to submit this application on behalf of the Project Sponsor, and enter into a grant agreement that will legally bind the Project Sponsor.

I acknowledge that this application comprises an offer to enter into a legally binding agreement with the Commonwealth. If this application is successful, the Commonwealth may accept this offer by providing a letter of agreement with annexed Grant Terms and Conditions, a copy of which is available on business.gov.au. On provision of this letter of agreement, a legally binding agreement will be in effect comprising:

- this application
- the grant opportunity guidelines in place at the time I submitted the application form
- the letter and annexed Grant Terms and Conditions.

I declare that I am authorised to enter into an agreement with the Commonwealth on behalf of the applicant.

I declare that I am authorised to submit this form on behalf of the applicant and acknowledge that this is the equivalent of signing this application.

By checking this box, I agree to all of the above declarations and confirm all of the above statements to be true.

Project information

Project title and description

If your application is successful, we will publish some grant opportunity details on [GrantConnect](#) and other government publications. Published details include:

- name of the grant recipient
- a project title
- a brief project description and its intended outcome
- amount of grant funding awarded.

Provide a project title.

Example of project title: Upgrade to facilities at Jane Citizen Park.

Shade the Yard

Provide a brief project description.

Ensure your project description focuses on your project's key activities and outcomes. Outline what your project will do and how it will provide social benefits to your community.

Example of brief project description: New shade shelters and BBQs will be installed in Jane Citizen Park in Cityville. These will encourage community members to use the park and spend time being active.

The project involves the provision and installation of moveable shade structures in the playground of the preschool at Pendle Hill. It will provide a sun-safe, protected play area for use by the children and the wider community, and it is vitally needed in the extreme summer months.

Detailed project description and key activities

This information will be included in your grant agreement if your application is successful.

Provide a detailed description of your project including the project scope and key activities.

Example detailed project description: Six shade shelters will be purchased and installed above the existing children's playground and three new electric BBQs will be purchased and installed adjacent to the playground. The shade shelters will be ordered from a local manufacturer and a landscaper will be engaged to complete all the landscaping works.

Four shade shelters will be purchased and installed in the existing children's side playground. s47G(1)(a)

Project outcomes

This information will be included in your grant agreement if your application is successful.

Provide a summary of the expected project outcomes.

Where your project is located on school grounds, involves school property, involves upgrades or new equipment used in schools, your project outcomes should explain the social benefits to the broader community.

Example of project outcomes: The project to provide shade shelters and new BBQs will deliver social benefits to the community by improving the quality of the community facilities. The project will encourage community members to use the park and spend time being active. The provision of shelter will extend the hours of playtime and provide adults, caregivers and older members of the community with a better environment to participate in outdoor community activity.

The project involves the provision and installation of moveable shade structures to provide adequate shade in the side yard which will be utilised for community "outdoor" morning teas, teaching and learning activities and will provide a space where parents / community members can gather, interact and network whilst maintaining Covid safe practices. The side yard is also utilised by Church groups on the weekend and will provide a shaded area for their activities. The side yard is a large open area which is devoid of shade and because of this, it is unable to be used in summer months. The installation of shade structures would enable the yard to be used year round thus maximising the use of resources and space. Over the past two years, Covid restrictions have prevented families and community members from physically engaging with the preschool. This project would enable parents and community members to be able to engage with the preschool whilst adhering to the NSW Department of Education's guidelines for ECEC services. The guidelines recommend that in order to minimise the risk of transmission of Covid 19 in Early Childhood Education and Care Services, outdoor settings should be utilised as much as possible. With restrictions beginning to be lifted, preschool children remain susceptible to contracting Covid 19 as they are unvaccinated. This project is important as it will enable outdoor settings to be used both for teaching and learning and community engagement whilst minimising the risk of the transmission of Covid and also ensuring protection from the sun. In addition to this, the Church congregation comprises of a large percentage of elderly people who are also deemed highly vulnerable to Covid and having access to a shaded outdoor area will enable them to be able to participate in activities, interact safely with community and limit the risk of contracting Covid.

Project questions

The maximum grant amount available through your nomination is **\$16,380**. You cannot request more, however you can request less if your project expenditure has reduced.

Please note that for local governing bodies, the grant amount cannot be more than 50% of your project costs in the section above.

Total grant funding sought. We will add GST to this where applicable.

\$ 14,892

Source of funding

In this section you must provide details of how you will fund the project, other than the grant funding sought. If your grant funding is 100 per cent you can leave this section blank.

The total of all sources of funding plus your grant, should be equal to your total project expenditure in the section above.

Other contributions

Enter your organisation name. In the description field, provide additional details. Indicate whether your contribution is sourced from cash flow, loans, equity etc.

Contributions must be cash. In-kind contributions are not eligible as detailed in the grant opportunity guidelines.

If you have project partners we will ask you for their details later in the application. You must provide their name and their contribution here.

Bank account details

If your application is successful we will need to set up a payment process to pay your grant. We need your bank account details to do this. If your application is not successful we will not process these details.
