# Play Our Way Program - Stream 1 Expression of Interest (EOI)

Submission Reference: V76X8F7S

### Application Information

The Play Our Way program will provide funding to create greater opportunities for women and girls to access, participate in and remain involved in sport and physical activity.

This Grant Opportunity will fund projects across two streams:

Stream 1: Facilities - single or multi-year funding to support new and upgraded facilities, playing areas or spaces for sport and physical activity, specifically for women and girls.

Stream 2: Participation and equipment - single year funding (with projects able to be delivered over multiple years) to support sustainable and enduring sport participation programs, and/or new or upgraded equipment, specifically for women and girls.

This Grant Opportunity aims to address participation barriers through safe, inclusive and sustainable facilities and programs that support the enduring engagement of women and girls in sport and physical activity.

### Grant Round Administration

This grant round is being administered by the Department of Health and Aged Care.

### Closing Date/Time

Applications must be submitted by **2:00pm Australian Eastern Standard Time (AEST) Monday 29 April 2024.**

### Making Sure Your Application is Saved

Upon exiting the form please ensure that you use the 'Save and Close' button. The 'Continue' button should only be used as you intend to progress through the form. For your Application to be saved when exiting, you will need to click on:

- 'Save and Close', and
- 'Confirm'.

You will know that your application is saved when you are taken from the current application form page to the 'Form Saved' page.

Note that the 'Save and Close' button will ask you to 'Confirm' that you wish to save the Application, which you must do to complete the save process. If this is not done, your Application will not be saved.

You can return to your Application with the data saved using the link on the 'Form Saved' page that says 'Click here to return to your form' and confirming your submission reference ID details. Optionally, you can access the saved form via the form open email received upon beginning the Application.

### Grant Opportunity Documents

Read all information in the Grant Opportunity Documents before completing this Application Form. The Grant Opportunity Documents are available on the <https://www.grants.gov.au/> ☐ and <https://www.health.gov.au/our-work/play-our-way-program> ☐ websites. Applications will be assessed using the process outlined in the Grant Opportunity Guidelines.

Note: Applicants will be notified of the grant funding outcome on completion of the assessment process.

## Application Help

Information about the Application process is available on the <https://www.grants.gov.au/>  and <https://www.health.gov.au/our-work/play-our-way-program>  websites.

Applicants must submit any questions relating to the Program or this Application process in writing to [Grant.ATM@health.gov.au](mailto:Grant.ATM@health.gov.au) . Applicants may submit these questions up until five business days prior to the Closing Time and Date. A response will be provided within five business days.

Applicants may direct any general enquiries, requests for technical help or support in using and/or submitting the Application Form by:

- Phone 0262895600

## Sharing this Form

More than one person should not access this form at the same time. If this is done there is a risk that information entered in the form may be lost and not transferred upon submission. If you wish to share this form and access details, please ensure that only one user edits the form at any given time.

To avoid any issues with your submission, ensure each contributor has completed their updates, saved their changes and exited the form prior to another person accessing the same form.

## Submission Reference ID

Each Application Form is allocated a unique Submission Reference ID. Each time this Application is accessed you will be required to use this Submission Reference ID.

## Submitting an application form

Upon starting the Application a 'Form Opened' email will be sent to the primary contact, which will include a link to the Application Form as well as a submission reference ID. This will enable the Applicant to access the form at any point in time.

Please note the form will no longer be accessible after two months of inactivity.

Once you have completed this Application Form, you must submit it electronically by using the submission section at the end of this form.

Following electronic submission and completion of this Application Form, a message with your Submission Reference ID will appear on your screen. An email will be sent to the primary contact provided in the Application Form. A function is also available on the submission page to allow you to send a receipt email to the address of your choosing. Please save this email receipt for future reference and use it in all correspondence about this Application.

Please note: there may be short, scheduled outages to systems as part of regular information technology maintenance that may affect submission of this form. Notification of these outages will be on the website.

## National Relay Service (NRS)

The Department of Health and Aged Care uses the NRS to ensure our contact numbers are accessible to people who are deaf or have a hearing or speech impairment. Please phone 1800555677 to access the NRS.

## Australian Tax Office Reporting

The Department will need to report details of payments made to the Australian Taxation Office (ATO) as part of the taxable reporting obligations for government entities.

In general terms, the types of payments to be reported to the ATO are:

- Payments made for grants to entities with an Australian Business Number (ABN)
- Payments made for services.

If you receive a payment from the Department that meets the ATO criteria, it will be reported to the ATO as part of the Taxable payments annual report.

Further information is available on the Australian Taxation Office  website.

## Privacy

The Department of Health and Aged Care, supported by the Community Grants Hub, uses an integrated Smartform service assisted by the Department of Industry, Science and Resources on [www.business.gov.au](http://www.business.gov.au) <sup>□</sup>.

If you are providing information to access a non-Department of Industry, Science and Resources program, that information will not be accessed by Department of Industry, Science and Resources employees. The only exception to this is where Senior Analysts within the Department of Industry, Science and Resources require access to your information for the sole purpose of troubleshooting technical errors. Where this occurs Senior Analysts will only access the data with permission and at the request of client agencies.

The Department of Health and Aged Care will be able to access the Application as part of the form support services.

By submitting the Application you acknowledge that the information provided in the Application may be shared with other Commonwealth and law enforcement agencies for the prevention and detection of fraud.

For more information about how the Department of Industry, Science and Resources protects your privacy and personal information, please see the Department of Industry, Science and Resources' Privacy Policy <sup>□</sup>. The Community Grants Hub Privacy Policy <sup>□</sup> and WCaG Accessibility <sup>□</sup> Information and the Department of Health and Aged Care Privacy Policy <sup>□</sup> should also be read and understood.

### Use of Information

The Department of Health and Aged Care may use the information, other than personal information, provided in this Application Form to assist it to:

- Comply with the Australian Government requirement to publish the details of all grant recipients on the GrantConnect website
- Inform staff negotiating and establishing Grant Agreements of risks and issues that need to be addressed in the Grant Agreement for that program
- Inform future assessments for Applications.

All information including personal information collected as part of this Application may be used by the department or shared with other Commonwealth and law enforcement agencies for the purpose of preventing and detecting fraud. This includes personal information of any third party provided in this Application.

You can only apply if you agree to the use of the information you provide in this form for the purposes listed above and that you have read and acknowledged the Hub Privacy Policy, the Privacy Statement, and all relevant material (including the Grant Opportunity Guidelines) as they relate to the collection and handling of personal information.

- school, TAFE, university
- parent and community councils.

To be eligible for this Grant Opportunity you must respond to this question.

I Confirm

## Funding Stream \*

Confirm you are submitting an Expression of Interest application for Stream 1: Facilities.

This is the first part of a 2-stage application process:

- Stage One: Expression of Interest (EOI)
- Stage Two: Invitation to Apply (ITA)

This process is detailed further under the *Timing of grant opportunity processes* Section in the Grant Opportunity Guidelines.

**Note:** Only Stage One EOI applications that are assessed as having addressed the assessment criteria and score average or higher for each criterion will be considered for shortlisting to proceed to Stage Two (See *Assessment of grant applications* Section in the Grant Opportunity Guidelines for the Scoring Matrix).

**Note:** You can only submit **one** application per Stream for this grant opportunity. If more than one application is submitted, the application submitted latest, and within closing time and date, will progress to the next stage.

To be eligible for this Grant Opportunity you must respond to this question.

I Confirm

## Compliance with Building Codes \*

Confirm your organisation understands your project will be required to be compliant with the Australian Building Code [and](#) National Construction Code [.](#)

To be eligible for a grant, you must declare in your Stage Two application that you comply with these requirements. You may need to declare you can meet these requirements in your grant agreement with the Commonwealth.

You must ensure that the work carried out, where appropriate, is undertaken by licensed or properly qualified persons. You must also ensure that works carried out are fit for purpose and comply with the regulatory requirements of the relevant state and territory and local governments.

To be eligible for this Grant Opportunity you must respond to this question.

I Confirm

National Redress Scheme \*

Confirm your organisation or your project partner/s are not included on the National Redress Scheme's ☐ list of 'Institutions that have not joined or signified their intent to join the Scheme'.

The National Redress Scheme for Institutional Child Sexual Abuse Grant Connected Policy makes non-government institutions named in applications to the Scheme, or in the Royal Commission into Institutional Responses to Child Sexual Abuse, that do not join the Scheme ineligible for future Australian Government grant funding.

**Note:** If your organisation, or your project partner is an organisation included on the National Redress Scheme's website on the 'list of institutions that have not joined or signified their intent to join the Scheme' your application will not proceed to the assessment stage.

To be eligible for this Grant Opportunity you must respond to this question.

☒ I Confirm

Workplace Gender Equality \*

Confirm you, and if applicable, your project partner/s is/are not an organisation included on the Workplace Gender Equality Agency website ☐ non-compliant list.

**Note:** If your organisation, or your project partner/s are an organisation included on the Workplace Gender Equality Agency website on the non-compliant organisations list your application will not proceed to the assessment stage.

To be eligible for this Grant Opportunity you must respond to this question.

☒ I Confirm

Child Safety Statement and Declaration \*

Can your organisation confirm the relevant Child Safe measures will be in place before the proposed activity commences?

**Note:** If your proposed activity involves direct contact with children or contact with children is an expected part of the activity, you will be confirming the following measures will be in place before the activity commences:

- Child related employees, contractors or volunteers delivering the activity are compliant with all State, Territory and Commonwealth law relating to the employment or engagement of people who work or volunteer with children, including mandatory reporting and Working With Children Checks.
- National Principles for Child Safe Organisations are implemented.
- All Child-Related Personnel implement the National Principles for Child Safe Organisations.
- A risk assessment has been undertaken to identify the level of responsibility for Children and the level of risk of harm or abuse to Children and appropriate risk management strategies to manage any identified risks have been put in to place.
- A training and compliance regime is in place to ensure that all Child-Related Personnel are aware of, and comply with:
  - the National Principles for Child Safe Organisations;
  - the Grantee's risk management strategy;
  - Relevant Legislation relating to requirements for working with Children, including Working With Children Checks; and
  - Relevant Legislation relating to mandatory reporting of suspected child abuse or neglect, however described.
- Any subcontracting arrangement entered into by the Grantee imposes the same obligations set out here on the subcontractor and also requires the subcontractor to include those obligations in any secondary subcontracts.

If your proposed activity falls under this category, and you are unable to confirm that the above Child Safe measures will be in place before the activity commences, you may be ineligible for funding.

**Note:** If your proposed activity involves irregular or unplanned contact with children, you will be confirming the following measures will be in place before the activity commences:

- Child related employees, contractors or volunteers are compliant with all State, Territory and Commonwealth law relating to the employment or engagement of people who work or volunteer with children, including mandatory reporting and Working With Children Checks however described; and
- Any subcontracting arrangement entered into by the Grantee, for the purposes of this grant opportunity, imposes the obligations above on the subcontractor and also requires the subcontractor to include those obligations in any secondary subcontracts.

If your proposed activity falls under this category, and you are unable to confirm that the above Child Safe measures will be in place before the activity commences, you may be ineligible for funding.

## Project/Activity Details

Provide a short title of your Application for this Project/Activity. \*

This field accepts the characters of A to Z, 0 to 9, ( ) . , ' & - / \ @, all other characters including carriage returns are not accepted.

Female-friendly change room upgrade at Wilson Storage Trevor Barker Beach Oval

(Limit: approx 38 words, 250 characters)

78 characters of 250 used

Provide a brief description of your project or the services to be delivered and how it will contribute to the objectives outlined in the Grant Opportunity Guidelines. \*

Question Instructions:

- The response should be easy to understand and written in plain English. Try not to use technical terms, acronyms, or lingo.
- Your response should be a stand-alone summary of your project, or explain how you will implement the services detailed in the Grant Opportunity Guidelines.
- The description may be used as part of our application review, and may be copied or published for reporting or grant agreement purposes.

Our project will upgrade existing outdated, 50-year old, male change room facilities to cater for our rapidly growing female and gender-diverse participants across all levels of female sport - from grassroots to elite, both players and umpires. Currently our change room facilities are inappropriate and sub-standard to a point where they are not usable by our female and gender-diverse community. Our club is centrally located in the heart of Bayside, in a strong growth area where overall female participation in sport has grown tenfold in the past 5 years. Inaction would be detrimental to female participation in community sport. As a community club, we want to do everything we can to welcome new players and keep up with demand.

(Limit: approx 150 words, 1,000 characters)

734 characters of 1,000 used

Assessment Criteria

EOI Assessment Criterion 1 \*

What is your project purpose and how much will it cost?

Briefly describe the project that is the subject of your EOI application.

In responding to this criterion, a strong application will provide:

- A description of the proposed works - noting that plans/detailed proposals are not required for this Stage One EOI.
- The geographic location and a description of the proposed site.
- Evidence of tenure over the proposed premises/site (where available) or details of the process that will be undertaken to secure tenure.
- If funds are sought for replacement infrastructure, provide details of the existing facility, including when it was built, and the reasons for seeking its replacement.

Along with your EOI application you must complete the indicative activity budget (template on GrantConnect) outlining the anticipated costs of the project. The indicative activity budget does not count towards the word/character limit for this criterion. Other required attachments are listed under *Attachments to the application* in the Grant Opportunity Guidelines.

**Note:** You will be required to upload the indicative activity budget template and evidence of tenure later in this form.

You must respond to this question.

The purpose of the project is to upgrade sub-standard change room facilities at the Northern end of Trevor Barker Beach Oval, Beach Road in Sandringham. It has been costed at \$47G(1)(a) The Sandringham Football Club has been based at the venue for 95 years and we are well advanced in negotiations with Bayside City Council to extend the lease for another 15 years. The existing change facilities were developed approximately 50 years ago and do not cater appropriately for women and girls who play and umpire Australian Rules football. The upgraded facilities will be female-friendly, have multiple change rooms and individual shower and toilet cubicles. The infrastructure upgrade is vital to our future. Without it, we simply cannot meet the increase in demand for girls and women's football. We want to be a part of the social and cultural change in sport. Gender equality in sport is good for everyone boys, girls, and the broader community as it can help teach the values of fairness, equality, and respect.

EOI Assessment Criterion 2 \*

Why is your project needed?

Demonstrate how your organisation and the proposed project will improve and sustain equitable access and participation of women and girls in sport and physical activity in your community/communities.

In responding to this criterion, a strong application will detail:

- The population for which services are provided that will benefit from this project (for example, the local population of women and girls disaggregated by priority populations).
- The current infrastructure related issues that discriminate and create barriers to attracting and retaining women and girls participants.
- Why this project is considered the best option to address local need and how this need has been assessed.

You must respond to this question.

This field accepts the characters of A to Z, 0 to 9, ( ) , . ' & - / \ @ \$ %, other characters and formatting are not accepted.

At Sandringham Football Club, we firmly believe that sport should be for all and that girls and women should have equal opportunities and pathways as boys and men do. Historically women and girls have had to fight for their place in sport. In recent years, barriers have come down and gains have been made. With the growth of womens sport, in particular Australian Football since the introduction of AFL Womens in 2017, our facilities are no longer adequate. They simply do not meet the needs of our female athletes and officials. For players, there is currently only one open space for players to get changed in. This is the same for the umpires. Each set of rooms only has one toilet cubicle, an open urinal and there are no private showers instead, its just four shower heads side-by-side like what you may find at the beach. Female players and umpires are either having to come to the ground ready to play/umpire or get changed in their cars, or just get changed in front of everyone. They are unable to shower at the venue due to lack of privacy and often need to use the public toilets outside the change rooms as the single toilet in the change rooms isnt enough for an entire team of female athletes. Portable toilets are also sometimes used which is unsatisfactory. Our venue attracts female athletes of all ages, from grassroots up to Victorian Football League Womens (VFLW) and hosts teams from all over Victoria. Our venue is used by community clubs including those in the Victorian Amateur Football Association (VAFA), as well as talent pathway teams such as Sandringham Dragons and Western Jets, through to our VFLW side. We also host diversity games including the NextGen Unite Cup a competition played by South Sudanese women and men from across Victoria. Throughout this day, football, music and African food brings people together to raise funds to support mental health in the South Sudanese community. Aside from female players, we also have female umpires using our facilities that are shared with men across all levels of the game including VFL/VFLW, talent pathway, VAFA and community games. The umpire change rooms do not provide privacy for female umpires to change or use the shower and toilet amenities. Auskick participants prior to VFL games cant have access to rooms either as there is only the one set being used by the men's teams. In terms of the broader community, according to the 2021 Census, 52.2% of Bayside's population is female. Bayside City Council has drafted a Fair Access Policy to address known barriers experienced by women and girls in accessing and using community sports infrastructure, which highlights the need for female-friendly facilities. (https://hdp-au-prod-app-bays-yoursay-files.s3.ap-southeast-2.amazonaws.com/5317/0977/4576/FairAccessActionPlan2024-2028draft.pdf). The Change our Game Fair Access Policy Roadmap strives to level the playing field for women and girls in community sport, acknowledging that everyone has the right to fully participate and reach their full potential. This requires fair access to change rooms. Without the upgrades to our change rooms, women and girls will continue to face unfair circumstances and experience more barriers to sport than men and boys. (https://changeourgame.vic.gov.au/leadership-centre/fair-access) We value women's sport and want to do everything we can to encourage girls and women to play the great game of Aussie Rules.

EOI Assessment Criterion 3 \*

Why you believe your organisation should get funded to deliver this project.

Demonstrate how the proposed project is an efficient use of grants funds in achieving Grant Opportunity outcomes.

In responding to this criterion, a strong application will detail:

- Why grant funding is necessary for the project to be delivered.
- Why you are the best-placed organisation to lead this project, including evidence of community support, such as endorsement and engagement with local entities, and your connection to fostering women and girls' activities.
- Any co-contributions or cost saving measures you are bringing to the project - whether from reserves or other sources of funding (such as other government grants or sponsorship) or volunteer contributions.
- How your organisation has sufficient staffing and/or access to other resources to identify and manage key risks, undertake the proposed work and deliver this project for a sustained benefit.

You must respond to this question.

This field accepts the characters of A to Z, 0 to 9, ( ) , . ' & - / \ @ \$ % , other characters and formatting are not accepted.

The project aligns strongly with the Play our Way funding criteria and objectives and is the best placed program to support the redevelopment of the change rooms in the Northern Pavilion at Trevor Barker Beach Oval. Without this funding, the facility will continue to not meet the needs and expectations of current and future female players and umpires. Moving forward if the venue was to not be upgraded, we may find it hard to retain and attract female players due to the lack of female friendly facilities. Were a community based not-for-profit organisation that relies on the generosity of businesses and the local community. Since 2019, we have had our own VFLW team that is seen as a pathway for girls from the Bayside and surrounding area to play in the second-tier competition for Australian Rules football. We work closely with South Metro Junior Football League (SMJFL), the Coates Talent League, local clubs and Auskick centres. Our project is of benefit to the broader community as it will provide an inclusive, welcoming, safe space that promotes gender equality. We want to contribute to the development of female football by providing facilities that promote a positive experience for women and girls participating in sport. Statistics show that teenage girls often drop out of sport for a variety of reasons. We want to keep them playing. Having double change rooms will also provide greater access, also provide greater access and flexibility to better cater for double headers where mens and womens games can be scheduled back-to-back ensuring increased visibility of the womens team to the broader community. It is really important for boys and young men to see girls and women playing sport and thriving as it formulates their views on equality. This project wont happen without funding and whilst costly, it is necessary. The anticipated budget for the project is \$47G(1)(a) \$47G(1)(a). To ensure the project can be completed we are requesting \$47G(1)(a) from the Play our Way funding opportunity. Other funding partners include \$47G(1)(a) from the AFLs Australian Football Facilities Fund (Attachment AFL Funding Letter) We have a partnership with MC Building to keep costs as low as possible and ensure our plans are in line with our Environmental, Social and Governance (ESG) framework . Loyal sponsors and local community members are also looking to support. In addition, we are in discussion with all levels of government, with both State and Local Governments also looking at our project and considering their contribution. The Sandringham Football Club has funds and revenue streams in place to keep up the maintenance of the facility. Based in the heart of Bayside, in a high growth area for female sport, our current facilities are not meeting the needs of the community. Its not fair and girls and women deserve better. We need this grant to redress the imbalance and provide a safe and welcoming place for female footballers and umpires.

Additional Information

Consortium \*

Are you applying as a lead organisation on behalf of a consortium?

If 'yes', please list the organisations included in the consortium below.

**Note:** Lead organisations of consortiums cannot submit a separate application. Consortium arrangements are strongly encouraged and in most instances required for larger scale projects and will be viewed favourably during the grant assessment process.

**Note:** If more than 20 organisations are included in your consortium you will be provided with a space to upload an attachment with the additional organisations.

You must respond to this question.

Please select the most appropriate option.

☐ Yes

☒ No

If the Application is successful, the Applicant will be offered a Grant Agreement as the lead agency and held liable for all obligations contained in the Grant Agreement's Terms and Conditions. This includes monitoring, management, financial performance, service outcomes and insurance coverage.

The panel of consortium members does not enter into a Grant Agreement. The Applicant should obtain agreement prior to submitting this Application.

Further evidence of the consortium arrangements may be sought from successful Applicants prior to the signing of the Grant Agreement.

Dear s47F ,

**RE: Landlord Letter of Support regarding "Play My Own Way" Federal Government Grant.**

**PREMISES: Sandringham Football Club Wilson Storage Trevor Barker Beach Oval, Beach Road SANDRINGHAM VIC 3191**

I refer to Sandringham Football Club's application for "Play My Own Way" Federal Government Grant. I am writing to you on Council's behalf in its capacity as landlord of the abovenamed premises.

As the current term of the lease will end in 2025, Bayside City Council and Sandringham Football Club are progressing discussions regarding renewal of the lease. While the leasing process has not yet concluded, please consider this letter as evidence of Council's support for the club's funding application.

The new lease proposal submitted by the club to Council includes redevelopment plans for the Sandringham Football Club with a particular focus on enhancing the current facilities for female players. Increased access to sporting facilities for women and girls is of critical importance and I understand this funding will assist the club in that regard.

I wish you the best with your funding application and should you or the relevant funding body require any additional information regarding the status of the lease or Council's support of the club's application, please ask them to contact s47F , Property Officer on s47F or by email s47F

Yours sincerely

Dear s47F,

**Re: Trevor Barker Beach Oval**

The development of football facilities is a key objective of AFL Victoria as we seek to provide sufficient numbers of well located, accessible and welcoming football facilities that support the growth of our game and our football leagues, clubs and schools.

We are pleased to be able to confirm that the AFL interest in partnering with the Sandringham Football Club to redevelop the change rooms and amenities in the Northern Pavilion at Trevor Barker Beach Oval to cater for female participants. The existing facilities are outdated and do not provide equitable facilities to support female participation.

This project will support new and existing participation levels and assist with the rapid growth being experienced in female football in both umpiring and playing. In 2019, we had over 1,000 female teams across Victoria playing football.

This project aligns very strongly to our National and Victorian goal of enhancing elite, state league and talent infrastructure, namely by Enhancing State League and talent pathway venues to inspire and support our very best and continuing to support the expansion of female football through gender neutral amenities, pavilion expansion projects and oval capacity building initiatives.

The AFL has conditionally approved a contribution of up to s47G(1)(a) towards the Trevor Barker Beach Oval redevelopment project. This contribution is conditional upon the project achieving full financial backing on or before the 31 December 2025, along with a new lease guaranteeing all year usage for our sport's key user groups at the venue.

The Value of an AFL Community Football Club world first research project has found that for every one dollar invested in a community football club, at least \$4.40 is returned in social value. It found that it does not matter where you live, how long or how often you are involved in a football club, or whether you are a player, coach, volunteer or a supporter, people involved with a football club experience greater social connectedness, wellbeing and self-reported physical and mental health than the general population as a result of being involved in a football club.

Anticipated Project Period Dates - 01 Oct 2024 - 30 Jun 2025.</p> <p><b>Project Purpose</b> - The purpose of the project is to upgrade sub-standard change room facilities at the Northern end of Trevor Barker Beach Oval to meet the increase in demand for girls and women's football.</p> <p><b>The existing facilities</b> - Currently the change room facilities are inappropriate and sub-standard and are not usable for the female and gender-diverse community. The existing change facilities were developed approximately 50 years ago and do not cater appropriately for women and girls who play and umpire Australian Rules football. Currently, there is only one open space for players/umpires to get changed in. Each set of rooms only has one toilet cubicle, an open urinal and there are no private showers - it's just four shower heads side-by-side. Female players and umpires are either having to come to the ground ready to play/umpire or get changed in their cars, or just get changed in front of everyone. They are unable to shower at the venue due to lack of privacy and often need to use the public toilets outside the change rooms as the single toilet in the change rooms isn't enough for an entire team of female athletes.</p> <p><b>The proposed works include</b> - To upgrade the existing facilities to be female-friendly, have multiple change rooms and individual shower and toilet cubicles.</p> <p><b>Land/site tenure</b> - A letter of support from Bayside City Council has been provided and is dated 26 April 2024. The Sandringham Football Club has been based at the venue for 95 years and we are well advanced in negotiations with Bayside City Council to extend the lease for another 15 years.</p>				

**Cost** - The project is likely to cost s47G(1)(a), the requested funding for this project is s47G(1)(a). Budget - Attachment pack has been provided. Project cost appears considerably high, and the description of project lacks sufficient detail to understand clearly what is being built. Details on the works will be required if this application progresses to the ITA phase. Australian Football League (AFL) has a confirmed co-contribution to this project of s47G(1)(a). Evidence of co-contributions have been provided and co-contributions have been included in the budget. Budget includes a contingency allowance of s47G(1)(a).

**Anticipated Project Period Dates** - 01 Oct 2024 - 30 Jun 2025.

**Notes –**

Applicant has not confirmed child safety measures stating that it is N/A - the proposed activity does not interact with children. As the project is to upgrade the facilities, it is reasonable to assume the upgrade would not have direct contact with children during the build, as opposed to if it were a program, or on a premises that would involve constant contact with children.

Letter provided from Australian Football League (AFL) who has a confirmed co-contribution to this project of s47G(1)(a).

**Reason for score:**

Applicant has answered most criteria to an average level. Responses show a valid link between upgrading the facilities and objectives of the grant program. By providing safe, high-quality, and sustainable facilities fosters a supportive environment and will ensure opportunities for women and girls to actively participate at this club, although value for money is questionable - noting the women-specific component of the renovations is unclear. If this progresses to the ITA phase, more clarity on the works would be required to ensure women/girls are the primary focus and ensure the project is being developed specifically for/to benefit women/girls, as the project indicates it would be upgrading the facilities and is not clear whether this is the female or male facilities also, or whether unisex facilities would be installed in replace of the existing facilities.

**Weaknesses/Information that would further benefit/taken into account for score:**

- Unclear how the 'need' has been chosen or defined. Application provides insufficient evidence that the proposed activity is a strong/well regarded solution. No evidence has been provided of engagement with females - members or the broader community in shaping the project to ensure the project is wanted and supported and delivers a meaningful outcome that meets their needs.
- Although the need for this project is clearly high, there has not been a clear description of the proposed works provided. It is unclear what 'double change rooms' for example indicate, and details such as the size, how many female cubicles and changerooms would this project provide, and how many females would this impact, would strengthen this application.
- If application progresses to the ITA phase, clarification on the budget/ funding breakdown to ensure the works are for females would be required.
- Application could be strengthened by providing data on the number of women and girls (members) who would benefit from this project.
- Clarification on the works would need to be sought. Investing in updating and providing female amenities would encourage girls and women to participate at the site and will have an enduring impact beyond the funding period, however the information provided groups the facilities together. Elements of the proposal indicate men's facility upgrades are included. As this is the EOI phase only, elements of the proposal for men's vs women's particulars are not itemised in the budget. Elements for men's only facilities would not be supported.

#### ASSESSMENT AGAINST INDIVIDUAL CRITERION

Assessment Criterion 1: What is your project purpose and how much will it cost?	Rating (0-10):	s47E(d)
<p><b>Assessor comments:</b></p> <p>This project will upgrade existing outdated, 50-year old, male change room facilities to cater for the clubs rapidly growing female and gender-diverse participants across all levels of female sport - from grassroots to elite, players and umpires. Currently the change room facilities are inappropriate and sub-standard to a point where they are not usable by our female and gender-diverse community. The club is centrally located in the heart of Bayside, in a strong growth area where overall female participation in sport has grown tenfold in the past 5 years. ## Assessment Criterion 2: Why is your project needed?

Rating (0-10):

### Assessor comments:

Sandringham Football Club firmly believe that sport should be for all and that girls and women should have equal opportunities and pathways as boys and men do. Historically women and girls have had to fight for their place in sport. In recent years, barriers have come down and gains have been made. Response shows a sophisticated understanding of the barriers to participation that need to be overcome.

Applicant states with the growth of women's sport, in particular Australian Football since the introduction of AFL Womens in 2017, the clubs facilities are no longer adequate and do not meet the needs of female athletes and officials. There is currently only one open space for players and umpires to get changed in. Each set of rooms only has one toilet cubicle, an open urinal and there are no private showers instead, its just four shower heads side-by-side like what you may find at the beach. Female players and umpires are either having to come to the ground ready to play/umpire or get changed in their cars, or just get changed in front of everyone. They are unable to shower at the venue due to lack of privacy and often need to use the public toilets outside the change rooms as the single toilet in the change rooms isnt enough for an entire team of female athletes. The umpire change rooms do not provide privacy for female umpires to change or use the shower and toilet amenities. Auskick participants prior to VFL games can't have access to rooms either as there is only the one set being used by the men's teams. Portable toilets are also sometimes used which is unsatisfactory. Although the need for this project is clearly high, there has not been a clear description of the proposed works provided. Further details such as the size, how many female cubicles and changerooms would this project provide, and how many females would this impact, would strengthen this application.

Sandringham Football Clubs venue attracts female athletes of all ages, from grassroots up to Victorian Football League Womens (VFLW) and hosts teams from all over Victoria. The venue is used by community clubs including those in the Victorian Amateur Football Association (VAFA), as well as talent pathway teams such as Sandringham Dragons and Western Jets, through to the VFLW side. Sandringham Football Club also host diversity games including the NextGen Unite Cup a competition played by South Sudanese women and men from across Victoria. Throughout this day, football, music, and African food brings people together to raise funds to support mental health in the South Sudanese community. Aside from female players, the club also have female umpires using the facilities that are shared with men across all levels of the game including VFL/VFLW, talent pathway, VAFA and community games. This demonstrates positive attraction, engagement and retention strategies the Club has fostered and indicates a supportive environment for female athletes.

- ☐ Project need is clearly explained and supported with evidence
- ☒ Articulates why this project is the best option to address local need in the community
- ☒ Project details beneficiaries, may include priority population
- ☒ Works will be enduring and plan details longevity

Bayside City Council has drafted a Fair Access Policy to address known barriers experienced by women and girls in accessing and using community sports infrastructure, which highlights the need for female-friendly facilities. The Change our Game Fair Access Policy Roadmap strives to level the playing field for women and girls in community sport, acknowledging that everyone has the right to fully participate and reach their full potential. This requires fair access to change rooms. Without the upgrades to the change rooms, women and girls will continue to face unfair circumstances and experience more barriers to sport than men and boys. Sandringham Football Clubs value women's sport and want to do everything they can to encourage girls and women to play the great game of Aussie Rules. This indicates the club fosters female involvement and participation and encourages further participation and shows how the infrastructure will provide a dedicated and safe space – provides clear 'policy line of sight' between strategic need and the strategy of the grant activity.

Unclear how the 'need' has been chosen or defined – no evidence of local collaboration in determining issue and solution.

### Assessment Criterion 3: Why you believe your organisation should get funded to deliver this project

Rating (0-10):

s47E(d)

#### Assessor comments:

Applicant states they are the best placed program to support the redevelopment of the change rooms in the Northern Pavilion at Trevor Barker Beach Oval. Without this funding, the facility will continue to not meet the needs and expectations of current and future female players and umpires and may find it hard to retain and attract female players due to the lack of female friendly facilities. Although the need for this project is clearly high, s47G(1)(a)

Applicant states this project is of benefit to the broader community as it will provide an inclusive, welcoming, safe space that promotes gender equality. Sandringham Football Club want to contribute to the development of female football by providing facilities that promote a positive experience for women and girls participating in sport. Statistics show that teenage girls often drop out of sport for a variety of reasons and the club want to keep them playing. Having double change rooms will also provide greater access, also provide greater access and flexibility to better cater for double headers where men's and women's games can be scheduled back-to-back ensuring increased visibility of the women's team to the broader community. s47G(1)(a)

Applicant states the importance for boys and young men to see girls and women playing sport and thriving as it formulates their views on equality and this project won't happen without funding. To ensure the project can be completed applicant is requesting s47G(1)(a) from the Play our Way funding opportunity. Other funding partners include s47G(1)(a) from the AFLs Australian Football Facilities Fund, and Sandringham Football Club have a partnership with MC Building to keep costs as low as possible and ensure our plans are in line with our Environmental, Social and Governance (ESG) framework. Loyal sponsors and local community members are also looking to support. The co-contributions and the community support provides confidence in the project's outcome and this support would potentially minimise risk.

Sandringham Football Club are in discussion with all levels of government, with both State and Local Governments also looking at our project and considering their contribution. The Sandringham Football Club has funds and revenue streams in place to keep up the maintenance of the facility. Based in the heart of Bayside, in a high growth area for female sport, the current facilities are not meeting the needs of the community and girls and women deserve better. Applicant states they need this grant to redress the imbalance and provide a

- ☒ Applicant explains why grant funding is needed for this project delivery – ie why can't they fund through another source?

safe and welcoming place for female footballers and umpires. Response shows an understanding of the barriers to participation that need to be overcome. Applicant has outlined its due diligence in seeking other funding sources.

Providing modernised, accessible, and updated facilities will assist in encouraging more females to use the club, however no clear evidence has been provided to demonstrate the project would prioritise or focus the upgrades on women and girls, as it is indicated that all the facilities are to be updated, including the males. It is unclear if the entire works will be for women/girls or what percentage of the facilities will be for women/girls.

Sandringham Football Club is a community based not-for-profit organisation that relies on the generosity of businesses and the local community. This demonstrates the need for funding – the club are a not-for-profit organisation relying on external funding.

Applicant states since 2019, Sandringham Football Club have had our own VFLW team that is seen as a pathway for girls from the Bayside and surrounding area to play in the second-tier competition for Australian Rules football, and work closely with South Metro Junior Football League (SMJFL), the Coates Talent League, local clubs and Auskick centres. This demonstrates positive attraction, engagement and retention strategies the Club has fostered and indicates a supportive environment for female athletes, s47E(d)
