Declaration

I/I on behalf of the applicant, declare that the applicant satisfies and will continue to comply with the conditions to which a road vehicle type approval will be subject, including:

- The condition that the holder of the approval, at all times:
 - ensures that vehicles covered by the approval, at the time they are entered on the Register of Approved Vehicles (RAV), comply with the applicable national road vehicle standards as in force at that time; or
 - where the approval specifies that vehicles of that type are not required to comply with the national road vehicle standards in certain respects or to certain extents to be entered on the RAV, ensure that the vehicles covered by the approval, at the time they are entered on the RAV, comply with the national road vehicle standards as in force at that time except in those respects or to the extent specified.
- The condition that the holder of the approval must at all times be able to produce evidence that:
 - demonstrates that vehicles covered by the approval comply with the applicable national vehicle standards (to the extent mentioned in the approval, if any) at the time that they are entered on the RAV; and
 - the Secretary could take into account for the purposes of subsection 19(2) of the Rules (The evidence that allowed the Minister to grant the old approval is taken to be sufficient to satisfy continued compliance with the relevant criteria for granting the new approval unless the evidence is found to be false or misleading or the approval holder varies the approval to an extent that affects the evidence of compliance).
- The condition that the holder of the approval must not give instructions, for the purposes of paragraph 51(e), that would result in a vehicle covered by the approval ceasing to comply with the applicable national road vehicle standards as in force at the time the Secretary granted the approval, except in the respects or to the extent (if any) that vehicles of the type are not required to comply with those standards in order to be entered on the RAV under the approval.
- The condition that the holder of the approval implements a conformity of production system that:
 - governs the manufacturing process detailed in the supporting information for the approval; and
 - ensures that, at the time that a vehicle is entered on the RAV under the approval, the vehicle satisfies the requirements of the type approval pathway under section 15 of the Rules.
- The condition that, if the holder of the approval becomes aware of an error in information entered on the RAV under the approval (whether by the holder of the approval or a person authorised in writing by the holder), the holder must notify the Secretary of the error as soon as practicable after becoming aware of the error.
- The condition that the holder of the approval, when requested in writing by the Secretary or an inspector, and within such reasonable time as is specified in the request:
 - provide, or arrange for the Secretary or inspector to access, the original and any subsequent versions of the supporting information for the approval; and
 - provide any information that the Secretary or inspector reasonably requires for the purposes of assessing whether the holder of the approval is

complying with the Act, the Rules, or an instrument made under the Act or the Rules; and

- provide any other information or documents specified in the request about vehicles to which the approval applies; and
- provide written answers to questions, specified in the request, about vehicles to which the approval applies; and
- for the purpose of assessing whether vehicles entered on the RAV under the approval comply with the applicable national road vehicle standards, allow or arrange for the Secretary or an inspector to inspect:
 - premises where road vehicle components of those vehicles are designed or manufactured; or
 - premises where those vehicles are designed or manufactured; or
 - things associated with the design or manufacturing process, including documents, vehicles and components.
- The condition that the holder of the approval will:
 - keep a record of the original and any subsequent versions of the supporting information for the approval while the approval is in force, and for the period of 7 years after it expires or is revoked; and
 - ensure that the supporting information for the approval is kept up-to-date while the approval is in force.

I/I on behalf of the applicant, acknowledge that:

- any breach of the above conditions to which the approval will be subject is an offence;
- the conditions of the MVSA approval continue to apply from the date of effect, and that if a condition of the MVSA approval is inconsistent with a new condition of the road vehicle type approval under the Rules, then the new condition applies to the extent of the inconsistency;
- it is expected that the holder of the approval advises the department, as soon as practicable, if overseas recall action is undertaken in relation to a similar type of vehicle as that to which this approval applies.
- it is expected that the holder of the approval notifies the department, as soon as practicable, of any systemic issues with vehicles covered by the approval that:
 - will or may cause injury to any person; or
 - mean that a reasonably foreseeable use (including a misuse) will or may cause injury to any person
 - mean that the vehicles do not, or likely do not, comply with the applicable national road vehicle standards (except to the extent or in the respects to which this approval specifies that the type of vehicle is not required to comply with the applicable standards).

I/I on behalf of the applicant, understand that it is an offence or contravention under:

- section 31 of the Road Vehicle Standards Act 2018 to make a false or misleading declaration; and
- section 32 of the Road Vehicle Standards Act 2018 to provide false or misleading information.

☒ I, being the person authorised to make the declaration on behalf of the applicant, agree to the above and by checking this box, I acknowledge that I am signing this declaration.

Declarations

I/I on behalf of the applicant, declare that:

- the type of vehicle referred to in this application either:
- complies with the applicable national road vehicle standards; or
 - substantially complies with the national road vehicle standards, in which case I have specified the respects or the extents of non-compliance and provided appropriate justification for the non-compliance; and
 - the documents specified in the compliance information form(s) demonstrate that compliance with the applicable national road vehicle standards.
- at the time of making this application, I am able to provide the supporting information for the road vehicle type approval; and
- I will be able to access and provide the original and subsequent versions of the supporting information whilst the approval is in force and for the period of seven (7) years after it expires; and
- I will ensure the supporting information is kept up-to-date whilst the approval is in force; and
- I will be able to arrange for, if required, the Secretary or an inspector to inspect the premises used, or to be used, in the manufacturing process for the vehicle type for the purpose of confirming compliance with the applicable national road vehicle standards and any other requirements of the Act, the Rules or an instrument made under the Act or the Rules.

I/I on behalf of the applicant, declare that the applicant will comply with the conditions to which a road vehicle type approval (if granted) will be subject, including such of the following conditions as may apply to or be specified in the approval:

- The conditions of a vehicle type approval listed in Sections 26-30 of the Road Vehicle Standards Rules 2019.
- If the application includes an embargo date for certain variants – The condition that the holder of the approval must ensure that a relevant person does not enter a vehicle on the RAV under this approval before the Secretary has published a notice relating to the approval on the department's website in accordance with section 223 of the Rules.
- If the application includes a cab chassis variant – The condition that the holder of the approval must provide instructions, guidelines and references to the relevant ADRs that must be met, to each person who is responsible for completing a chassis-cab covered by this approval, before providing the chassis-cab to that person. The completion of the vehicle must be done prior to the vehicle being provided to a consumer for the first time in Australia.
- If the application is for a pre-release evaluation vehicle
 - The condition that the holder of the approval must not provide a vehicle covered by this approval to a consumer.
 - The condition that the holder of the approval must ensure that a vehicle entered on the RAV under the pre-release type approval is only driven on public roads by:
 - persons employed by, or contracted to, the holder of the approval; or
 - persons under the supervision of a person mentioned in paragraph (a); or
 - a member of the motoring press when associated with a structured release program for the vehicle type.
 - The condition that the holder of the approval must:
 - within six months of the date this approval comes into force, be able to provide additional information the kind mentioned in subsection 19(2) of

the Rules about the compliance of the vehicles covered by the approval with the applicable national road vehicle standards; and

- provide the information mentioned in paragraph (a) to the Secretary at the Secretary's request.
- The condition that the holder of the approval must export or destroy any vehicle that has been imported or entered on the RAV under this approval that does not conform to the additional information mentioned above.
- If the application is for a motorhome or campervan
 - The condition that every vehicle entered on the RAV under the approval must be fitted with a durable and permanent label or plaque with information to identify the seating positions that must not be occupied when the vehicle is in motion (and included in the owner's manual for the vehicle); and
 - The condition that seats intended for use solely when the vehicle is stationary must not be provided with seatbelts, child-restraint anchorages or any other equipment that may imply they are intended for use while the vehicle is in motion; and
 - The condition that if a swivelling seat is intended for use while the vehicle is in motion, the seat must be easily lockable without the use of tools and must comply with all applicable requirements in the ADR. A durable and permanent label or plaque must be fitted (and included in the vehicle owner's manual) to advise the correct position for use while the vehicle is in motion; and
 - The condition that the approval holder must ensure that the gross vehicle mass and gross axle load ratings specified for vehicles covered by the approval are appropriate. The vehicle must include a placard identifying the gross axle load ratings for each axle or axle group.
- The condition that the holder of the approval must advise the department, as soon as practicable, if overseas recall action is undertaken in relation to a similar type of vehicle as that to which this approval applies.
- The condition that the holder of the approval must notify the department, as soon as practicable, of any systemic issues with vehicles covered by the approval that:
 - will or may cause injury to any person; or
 - mean that a reasonably foreseeable use (including a misuse) will or may cause injury to any person
 - causes the vehicle to not, or to likely not, comply with the applicable national road vehicle standards (except to the extent or in the respects to which this approval specifies that the type of vehicle is not required to comply with the applicable standards).

I/I on behalf of the applicant, declare that:

- the information contained in this application is true and correct; and
- I have not omitted any matter or thing from this application without which it would be misleading in any material particular.
- if tested, each variant covered by the application would not produce a less favourable result than the result set out in the documents identified within the application to demonstrate compliance with the national road vehicle standards.
- if the application is for pre-release evaluation vehicles and includes substantial compliance – the vehicle type complies with applicable ADRs, other than the relevant versions of ADRs 11, 21, 23, 25, 30, 45, 50, 51, 52, 61, 75, 76, 79, 80, 81, 82, 83, 86, 87, 93, 94, 95 and 96 with which the vehicle type substantially complies, and the vehicle type complies with these standards to an extent that makes it suitable for use on a public road in Australia.

I/I on behalf of the applicant, declare that the applicant will comply with:

- any conditions specified in the approval; and
- any other requirements of the Act, the Rules, or an instrument made under the Act or the Rules that apply in relation to the holder of the approval or the type of road vehicle.

I/I on behalf of the applicant, understand that, under section 17 of the Rules, the Secretary may request, to assist in deciding whether to grant a type approval:

- further specified information
- to allow or arrange for the Secretary or an inspector to inspect premises where the vehicle or vehicle components are designed or manufactured
- to allow or arrange for the Secretary or an inspector to inspect vehicles of that type or vehicle components of vehicles of the type.

I/I on behalf of the applicant, understand that the Secretary may refuse to consider this application if:

- I do not comply with a request made under section 17 of the Rules; or
- the application is not accompanied by the documents specified as required in the application and/or the application fee; or
- the declarations are not signed.

I/I on behalf of the applicant, understand that the Secretary may also take the following into account when considering the application:

- whether I (and in the case of a body corporate, any member of the key management personnel) have contravened or may have contravened road vehicle legislation; and
- whether the person will comply with the conditions to which the approval will be subject; and
- any other matter the Secretary considers relevant.

I/I on behalf of the applicant, understand that it is an offence or contravention under:

- section 31 of the Road Vehicle Standards Act 2018 to make a false or misleading declaration; and
- section 32 of the Road Vehicle Standards Act 2018 to provide false or misleading information.

☒ I, being the person authorised to make the declaration on behalf of the applicant, agree to the above and by checking this box, I acknowledge that I am signing this declaration.
