## **CHANGES TO THE GRANT OPPORTUNITY GUIDELINES**

Section 4 of the Program Guidelines has been amended to clarify that if an eligible organisation has been invited to apply for the program but is not a government entity, they should be sponsored by a local, state or territory government body, who will submit the application for funding.

Section 10.1 of the Program Guidelines has also been updated to clarify that funding for approved projects will only be provided to local, state or territory government bodies.

Other minor consequential amendments to language have been made throughout the guidelines to align with these changes, including new definitions in the glossary.
