

## Northern Australia Grants Programs Grantees

Organisation	Project title	State and LGA	Grant amount
<a href="#">Advanced Agricultural Systems</a>	Advanced Manufacture of Autonomous Robots for Northern Australian Cropping	QLD Central Highlands	\$856,000 (GST exc.)
Extract of project description	Construct and fit out a purpose-built manufacturing facility in the Central Highlands. The facility will manufacture autonomous robots for agricultural field tasks optimised for Northern Australian conditions. This will help farmers manage the challenges of farming in wet season conditions and alleviate the labour and skills shortages common in more remote regions as well as increase production, grow and develop the business, and develop new market opportunities.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">All Fish For Dogs</a>	Export Capacity Improvement	QLD Cassowary Coast	\$62,500 (GST exc.)
Extract of project description	Purchase and install an additional dehydrator to manufacture 100 per cent natural pet treats and chews from under-utilised fish and seafood waste. This will expand All Fish for Dogs' production output in Mission Beach, provide the flexibility to carry out trials on new products and allow All Fish for Dogs to expand markets into the Asia Pacific region. The project will also create employment opportunities for commercial fishers, fish processors, transport operators, and general supply companies.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Austral Fisheries</a>	Austral Fisheries Northern Finfish Expansion Project	NT Darwin	\$9,600,000 (GST exc.)
Extract of project description	Expanding current fishing vessel fleet, with the purchase of a further five fishing vessels, and the purchase of an additional quota, allowing Austral to become the largest tropical snapper quota holder in Australia. Austral Fisheries will grow the value of the fishery industry in Northern Australia, provide long-term, stable employment, and put NT Fisheries onto the global map as the source of sustainably-fished tropical snapper.		
Program	Northern Australia Development Program (Industry Transformation)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Bridgeman Agencies</a>	Bridgeman Northern Australia Manufacturing Expansion Project (Indigenous)	QLD Townsville	\$850,000 (GST exc.)
Extract of project description	Extend Bridgeman's current Brisbane-based advanced metal manufacturing operations by investing in plant and infrastructure to establish a new precision machining manufacturing plant in Townsville. This will enable Indigenous business expansion in the manufacturing sector, create apprenticeships and jobs, add an estimated \$80 million in manufacturing value to Northern Australia over the next 20 years, whilst also encouraging private sector investment.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Broome Dental</a>	Expansion of Broome Dental Clinic and Upgrade of Diagnostic Technology	WA Broome	\$332,913 (GST exc.)
Extract of project description	Fit out two additional therapy rooms in the existing Broome Dental Clinic and purchase a Cone Beam Computed Tomography x-ray machine which will reduce the need for patients to travel to Perth for diagnosis. Two new Oral Health Therapists and a new trainee Dental Assistant will be engaged to double the Clinic's capacity for patients. The project will also establish a regular education outreach program to schools which will improve oral health in the community.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Cambridge Gulf Limited</a>	The Cambridge (redevelopment of the Ibis Styles Kununurra)	WA Wyndham- East Kimberley	\$5,871,972 (GST exc.)
Extract of project description	Redevelop the Ibis Styles facility in Kununurra into a 96 room, 4 1/2 star hotel complex (including a conference centre, meeting rooms, bar and dining areas, a pool and gym, gallery, a retail space, and redevelopment of the garden areas) which will provide training and employment opportunities and ensure continuation of tourism to the region year round.		
Program	Northern Australia Development Program (Industry Transformation)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Charles Darwin University</a>	NT Centre for Better Health Futures: Expanding the Health Workforce	NT Darwin	\$10,000,000 (GST exc.)
Extract of project description	Expand the health workforce in the NT through building the Centre for Better Health Futures in Darwin. This will address the absence of contemporary, culturally appropriate, multidisciplinary, health education infrastructure in the NT and the challenges of the unique NT health landscape, whilst developing applied innovation and simulated physical spaces for immersive clinical teaching and training.		
Program	Northern Australia Development Program (Industry Transformation)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Connect Paediatric Therapy Services</a>	Sustainable West Kimberley Paediatric Allied Health Services Project	WA Broome	\$283,203 (GST exc.)
Extract of project description	Expand Connect Paediatric Therapy Service's existing Karratha-based functions by establishing a new paediatric allied health clinic in Broome which will meet the demand for high quality, evidence-based services from a multidisciplinary health team for private client and National Disability Insurance Scheme (NDIS) participants. The project will provide new jobs for the local community, and to undertake feasibility studies into the viability of expanded outreach services to smaller communities.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Ecomag</a>	Recovery Of Magnesium From West Australian Waste Bitterns	WA Karratha	\$2,000,000 (GST exc.)
Extract of project description	Extend Ecomag's existing Sydney-based operations to establish a specialised chemical plant in Karratha which will create a new industry in Northern Australia. This will allow recovery of magnesium from waste material, allow Ecomag to bulk-scale products, provide educational opportunities and industrial internships in collaboration with WA tertiary institutions, and begin to establish the manufacturing of building materials, pharmaceuticals, and nutraceuticals in WA.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Energy Serv Australia</a>	The Enserv - Mossman Nano-Graphitic Manufacturing Facility	QLD Douglas	\$5,000,000 (GST exc.)
Extract of project description	Establish a super capacitor-grade nano-graphitic carbon manufacturing facility and a world-first lithium-sulphur battery manufacturing facility in Mossman which will supply next-generation batteries for industry, network, and household application in Australia and Thailand, create high value employment, and bring the latest technology and innovation to Northern Australia.		
Program	Northern Australia Development Program (Industry Transformation)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Ensava</a>	Cherratta Microgrid MBD FBICRC Project 20	WA Karratha	\$500,000 (GST exc.)
Extract of project description	Develop and install two microgrids using a Vanadium Redox flow battery at the Cherratta Lodge in Karratha. This will make Cherratta Lodge the first green powered business in the Pilbara, as well as help standardise integration and grid deployment of Australian-made batteries in power grids, and develop battery/grid interfacing power electronic circuits that are modular, reliable and mass-producible.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Girringun Aboriginal Corporation</a>	Diversifying the commercialisation of native rainforest species (Indigenous)	QLD Cassowary Coast	\$915,679 (GST exc.)
Extract of project description	Redevelop the Girringun Aboriginal Community's nursery on the Cassowary Coast. The project will support large scale production of native plants for the native foods, botanical and carbon revegetation/farming industries, and the establishment of satellite nurseries for seedling production and native fruit orchards with Traditional Owners in Far North Queensland and provide training and employment opportunities.		
Program	Northern Australia Business and Community Growth Program		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Gough Industries</a>	Gough Plastics Expansion	QLD Townsville	\$4,466,000 (GST exc.)
Extract of project description	Expand and transform Gough Plastics' production into an Industry 4.0 operation to service the Northern Australia market through developing a new and expanded manufacturing facility in Townsville. The project includes a 6.5m STP Triple Shuttle Rotomoulding Oven and a new Enterprise Resource Planning System, and establishing Stage 1 of a plastic shredding/fanulating facility to collect and re-use waste product into new plastic products.		
Program	Northern Australia Development Program (Industry Transformation)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Health Workforce QLD</a>	GROW Rural Northern QLD	QLD Tablelands	\$281,061 (GST exc.)
Extract of project description	Expand Health Workforce Queensland's GROW Rural program to develop a sustainable 'grow your own' workforce model through research, development and stakeholder engagement. This will support the development of additional activities to encourage and support employment in the identified communities, assist health services to attract and retain health staff, and employ the students that are accepted onto GROW Rural NQ once they have graduated.		
Program	Northern Australia Business and Community Growth Program		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Heli-Muster</a>	Heli-Muster: Expanding essential air services in remote Northern Australia	NT Victoria Daly	\$536,405 (GST exc.)
Extract of project description	Purchase a new fixed wing, twin engine aircraft for Victoria River-based Heli-Muster's current helicopter fleet. This will expand Heli-Muster's current charter services for doctors, nurses, patients, teachers and other essential services for remote communities, including offering night and wet season services. It will also enable Heli-Muster to bid for new contracts and tenders, and increase its charter flight service offering.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">J3Seven</a>	Breathing System Manufacturing Facility	QLD Cairns	\$224,973 (GST exc.)
Extract of project description	Construct new facilities and install new equipment for the establishment of a state-of-the-art Breathing System Manufacturing Facility at J3Seven's headquarters in Cairns. This will enable J3Seven to manufacture (assemble, calibrate and test) and maintain breathing systems and filtration devices that otherwise would be produced and serviced internationally or interstate.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Jean-Pierre Patisserie</a>	Scale up and Diversify Bread Manufacturing Infrastructure in North Queensland	QLD Townsville	\$1,578,500 (GST exc.)
Extract of project description	Construct a new food manufacturing facility in Townsville which will allow Jean-Pierre Artisan Bakery to scale up production capacity and diversify its current operations by introducing the first par-baked bread facility in Northern Australia, and in turn, employ more staff, train new apprentices, and strengthen supply chains.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">LiquaForce</a>	LiquaForce Burdekin Liquid Fertiliser Plant	QLD Burdekin	\$1,948,500 (GST exc.)
Extract of project description	Establish a new liquid enhanced fertiliser manufacturing facility in Ayr. This project will enable LiquaForce to scale-up and diversify ensuring the continuity and timeliness of supply of liquid fertiliser to the agriculture sector, deliver improved productivity to the region's growers, and create permanent jobs for the region.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Marine Biomedical</a>	Establishing the Broome PearlBone biomedical manufacturing facility	WA Broome	\$1,376,665 (GST exc.)
Extract of project description	Manufacture Marine Biomedical's patented PearlBone technology into a medical device and establish a cleanroom Good Manufacturing Practice facility in Broome. This project will demonstrate biomedical capability, diversify the opportunities for WA's pearling industry, and bring biomedical expertise to the region through the engagement of key leaders in the orthopaedic sector. The project will also contribute to ongoing research, testing and development, and create new career pathways and other employment opportunities.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Marine Produce Australia Limited</a>	Project Barramundi - Aquaculture development in Northern Australia	WA Broome	\$2,000,000 (GST exc.)
Extract of project description	Establish a new state-of-the-art fish nursery and undertake design and engineering work for farm upgrades which will expand current processing operations in Broome. This project will and provide a platform for a significant, sustainable expansion of the business over the medium to long term.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
Mobile Crushing Co.	Kings Quarry Processing Plant Upgrades Incorporating Manufactured Sand	QLD Mackay	\$2,000,000 (GST exc.)
Extract of project description	Purchase new crushing equipment to expand Mobile Crushing's current quarry operations in Mackay. This project will modernise the processing plant, providing the competitive edge necessary to compete with multi-national organisations for local and state tenders, increase productivity, reduce the current levels of worker overtime, and improve environmental outcomes.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Nirrumbuk Aboriginal Corporation</a>	Expansion of Civil Construction Operations (Indigenous)	WA Broome	\$179,150 (GST exc.)
Extract of project description	Purchase plant and equipment (new truck and machinery trailer) to enable Nirrumbuk to deliver heavy rigid licence training in Broome. This project will allow Nirrumbuk to complete civil construction works contracts without hiring equipment from outside the Kimberley region, support training and work placements for local Indigenous people and grow employment.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">North Track Machinery</a>	Marine and Specialised Services Hub (MaSSH)	NT Unincorporated	\$609,368 (GST exc.)
Extract of project description	Increase the service scope of North Track Machinery's NT-based operations by constructing new infrastructure and purchasing assets which will meet the Department of Defence needs in the north. The project will support repair, maintenance, and storage of the new sovereign assets, and support the SEA 3036 Pacific Patrol Boat Replacement Project.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Norship</a>	Northern Australia Maritime Industry Transformation (NAMIT Cairns)	QLD Cairns	\$7,522,500 (GST exc.)
Extract of project description	Design and construct a contemporary maritime sustainment and vessel construction facility that will offer an all-weather production capacity for the Cairns region. The project will increase production, improve delivery assurance to customers, attract new business and manufacturing opportunities, and reduce downtime of critically important maritime assets.		
Program	Northern Australia Development Program (Industry Transformation)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Ornatas</a>	Tropical Rock Lobster aquaculture production in Northern Australia	QLD Townsville	\$1,964,250 (GST exc.)
Extract of project description	Deliver five infrastructure projects to scale up Ornatas' Toomulla aquaculture site including; upgrading of the Bruce Highway turnout; provision of potable water pipeline to site; enable high-speed NBN fibre to site; upgrade office and amenities; and increase capacity in lobster nursery life support systems. This project will help grow a new Tropical Rock Lobster aquaculture industry for Northern Australia, develop innovative aquafeed solutions for lobster grow out, create employment, and create opportunities for supply chain businesses.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Red Range Stock Supplements</a>	A feasibility study for a cottonseed processing facility in the North West	WA Wyndham-East Kimberley	\$138,700 (GST exc.)
Extract of project description	Undertake a feasibility study for a cotton seed processing facility in North West WA through four stages including: analysing the potential supply of cotton seed as a result of an expanded cotton industry in the Kimberley and NT; comparison of different cotton seed processing options as well as the machinery and facilities required; evaluation of the potential market demand; and financial modelling to determine the investment and indicative rates of return for models identified in previous stages.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">South Cairns Gymnastics</a>	South Cairns Gymnastics - Facility Expansion	QLD Cairns	\$978,700 (GST exc.)
Extract of project description	Extend the existing South Cairns Gymnastics building to house new amenities, offices and meeting rooms, a new canteen, expanded seating capacity, and store gymnastics equipment as per the International Federation of Gymnastics (FIG) Standards and Regulations. This project will allow the club to hold Sanctioned Events for Level 1 to Level 10 Competitive Gymnastics, and provide a safer environment and facility for the gymnasts to train and compete in.		
Program	Northern Australia Business and Community Growth Program		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Tailor Tours</a>	Increasing Equipment & Infrastructure for the Old Quarry, Alice Springs	NT Alice Springs	\$279,822 (GST exc.)
Extract of project description	Upgrade Tailormade's existing product offering and infrastructure at the Old Quarry, Alice Springs through the purchase of two passenger coaches, upgrading catering equipment, a skid steer, and two storage containers. This project will allow Old Quarry to cater for larger groups of people, provide guided tours in and around Alice Springs, upskill staff to operate the skid steer and buses, and recruit new staff.		
Program	Northern Australia Development Program (Business Development)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Wulguru Steel</a>	Wulguru Group Site Consolidation and Rail Wagon Manufacturing Project	QLD Townsville	\$10,000,000 (GST exc.)
Extract of project description	Build a purpose-built facility that consolidates all of Wulguru Steel's operations into one location in Townsville. The project will increase operational activity, extend rail maintenance business, and boost Australia's manufacturing capability by commencing the fabrication of rail wagons used in the agriculture, resources, and general freight industries.		
Program	Northern Australia Development Program (Industry Transformation)		

Organisation	Project title	State and LGA	Grant amount
<a href="#">Yurra</a>	Yurra Workforce and Community Transformation Project for Karratha (Indigenous)	WA Karratha	\$7,216,196 (GST exc.)
Extract of project description	Expand Yurra's existing business capability by diversifying into scaffold management, fabrication, and implementation services in Karratha. This project will increase access to new markets requiring scaffold support services (such as oil and gas and housing construction), and create opportunities to upskill and create job opportunities in the Pilbara.
