

Set up Microsoft Authenticator as an existing user

ROVER and RVCS & RAWS guide

October 2025

This guide will take you through the steps on how to set up Microsoft Authenticator as the multi-factor authentication method for your existing ROVER or RVCS & RAWS site account.

Please ensure you have downloaded the free Microsoft Authenticator app on a compatible device from the [Apple App Store](#) or [Google Play Store](#) before you begin. Microsoft Authenticator app will work on:

- iPhones and iPads running **iOS 14 or later**
- Android phones and tablets running **Android 8 or later**

Recommended browsers: [Chrome](#), [Firefox](#) or [Microsoft Edge](#).

Set up multi-factor authentication with Microsoft Authenticator

To set up multi-factor authentication first download the Microsoft Authenticator app and complete the following steps ([Apple App Store](#) or [Google Play Store](#)).

1. Sign in to your existing account using one of the following methods:
 - a. Navigate to the [Welcome to ROVER](#) page and select the **Sign in** button.
 - b. Navigate to the [RVCS and RAWS Lookup](#) site, select the **Authorised participant login** and then select the **Login** button.

Welcome to ROVER

ROVER is an administration system for the Road Vehicle Standards (RVS) legislation. This legislation replaces the Motor Vehicle Standards Act 1989. ROVER provides a single integrated system for all approvals and activities under the RVS legislation, allowing you to:

- Submit and pay for an application
- Monitor the progress of your application
- Receive and respond to requests for information regarding your application
- Be notified of the decision outcome of your application.

Getting started with ROVER

In order to access ROVER, you will need to create an account. You can do this by clicking the Sign in button below and then creating a new account. Once your account has been created, you will be able to log in to ROVER.

Note that all ROVER accounts require multi-factor authentication in order to access your data. ROVER uses your email address and your mobile (cell) phone number to provide this additional level of authentication whenever you log in to ROVER.

RVCS and RAWs Search

IMPORTANT: Information on this website is historic as it relates to the Motor Vehicle Standards Act 1989, which has been replaced with the Road Vehicle Standards Act 2018. For information on the current legislation, visit the Road Vehicle Standards Act 2018 page.

Welcome to Road Vehicle Certification System & Registered Automotive Workshop Scheme Search

The Road Vehicle Certification System (RVCS) and Registered Automotive Workshop Scheme (RAWs) are the current legislation replacing the previous legislation – the Motor Vehicle Standards Act 1989 (MVSA).

5. Open the **Microsoft Authenticator** app on your device and add a new authentication using one of the following methods:
 - a. If you already use the app to verify your sign in to other sites, select the **plus** button.
 - b. If not, select the **Add account** button.

6. Select **Other (Google, Facebook, etc.)**.

7. Select **Scan QR code** button.

8. Add the **authentication** using one of the following methods:

- a. Using the app, scan the **QR code** with your device.
- b. Select the **Still having trouble?** link underneath the QR code to reveal an account name and secret key. Then, select the **Enter code manually** button in your app, enter **Account name** and **Secret Key** into the free text fields and select the **Finish** button.

9. Select the **Verify** button in ROVER.

10. Select your authenticator account from the list in the Microsoft Authenticator app on your device.
11. Enter the 6-digit code from the Microsoft Authenticator app into the **Enter your code** field in ROVER.
12. Select the **Verify** button.

Further information

For further information, please visit [Vehicles | Department's website](#) or submit an online enquiry via the [Contact us—RVS | Department's website](#) page.
