

## How to transfer a vehicle from the Interim SEVs List to the RVSA SEVs Register

To transfer a vehicle from the Interim SEVs List to the RVSA SEVs Register you first need to have created an account in [ROVER](#), our online system that manages all RVS legislation applications and approvals. Instructions on how to create an account are available [here](#).

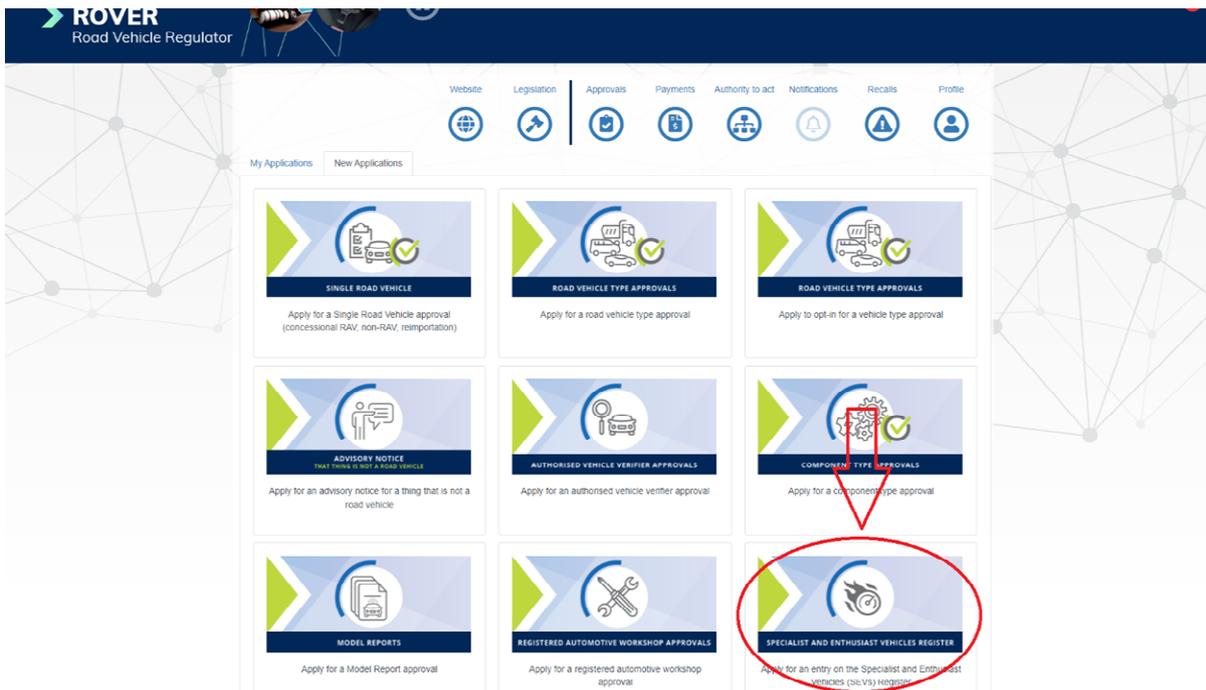

When your account is created you can start your transfer application.

### Step 1. Authority to act

Once you have a ROVER account, to act on behalf of a business you will need to create an authority to act in [ROVER](#) – instructions on how to create an authority to act are available [here](#).

### Step 2. Applying to transfer

In ROVER, click on the **New Applications** tab and select **Specialist and Enthusiast Vehicles Register** to start the application (see below).

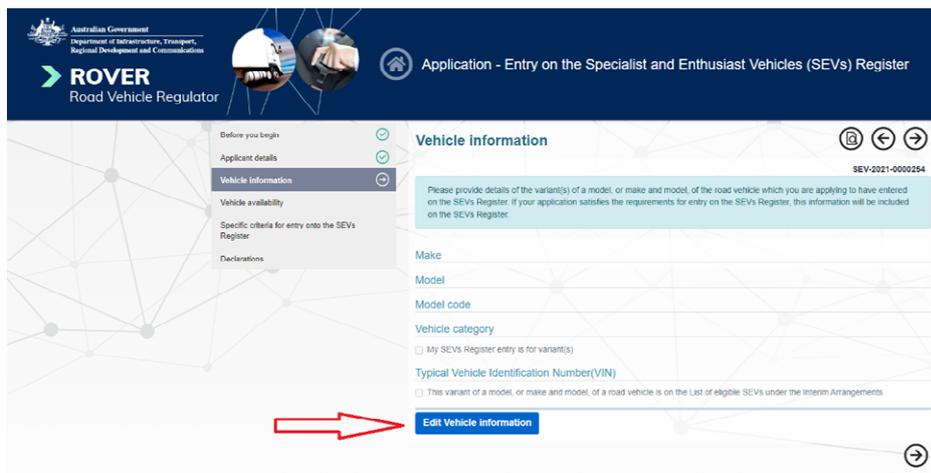

### Step 3. Answer the questions

Answer the initial questions.

## Step 4. Enter the vehicle details

When you reach the **Vehicle information** page, enter the vehicle's details. An example is set out below.

**Note:** The application must be identical to the Interim SEVs List entry (including build date range) or a new application is required.

The screenshot shows the 'Application - Entry on the Specialist and Enthusiast Vehicles (SEVs) Register' page. The header includes the Australian Government logo, the ROVER Road Vehicle Regulator logo, and the application title. A navigation menu on the left lists: 'Before you begin', 'Applicant details', 'Vehicle information' (highlighted), 'Vehicle availability', 'Specific criteria for entry onto the SEVs Register', and 'Declarations'. The main content area is titled 'Vehicle information' and contains a text box with instructions: 'Please provide details of the variant(s) of a model, or make and model, of the road vehicle which you are applying to have entered on the SEVs Register. If your application satisfies the requirements for entry on the SEVs Register, this information will be included on the SEVs Register.' Below this are input fields for 'Make', 'Model', and 'Model code'. A 'Vehicle category' section has two checkboxes: 'My SEVs Register entry is for variant(s)' and 'This variant of a model, or make and model, of a road vehicle is on the List of eligible SEVs under the Interim Arrangements'. At the bottom of the form is a blue 'Edit Vehicle information' button, which is pointed to by a red arrow.

**Tip:** Make sure you **click on the edit button first**.

## Vehicle Information

SEV-2021-0000253

[Return without saving](#)

Please provide details of the variant(s) of a model, or make and model, of the road vehicle which you are applying to have entered on the SEVs Register. If your application satisfies the requirements for entry on the SEVs Register, this information will be included on the SEVs Register.

### Make \*

Toyota

To select the Make, please start typing your make in the textbox and then select the relevant option from the alphabetical list presented. If your make did not show up in the list, please type 'Other' and select that from the list. You will then be able to input your make in the 'Please specify make' field.

### Model \*

Century

### Model code

UWG60

### Vehicle category \*

MA - Passenger Vehicle

My SEVs Register entry is for variant(s)

Variant # 1

Hybrid variant

#### Variant details

Hybrid engine

### Typical Vehicle Identification Number(VIN)

GZG50000957946851

### Build date range

Start

Month (MM) \*

2

Year (YYYY) \*

2020

No end date, this is the current model or variant of the model

This variant of a model, or make and model, of a road vehicle is on the List of eligible SEVs under the Interim Arrangements

### Interim SEVs Register entry number

ZAP/0q

If this application is for the entry on the SEVs Register of a variant of a model, or make and model, of a road vehicle that is on the 'List of eligible SEVs under the interim arrangements', you only need to complete the questions concerning its availability to consumers in Australia.

If that variant of a model, or make and model, of a road vehicle:

- still satisfies the SEVs Register entry criteria, it will be entered on the SEVs Register and will have an expiry date of 3 years from the date the SEVs Register entry was made
- no longer satisfies the SEVs Register entry criteria, its details will be entered on the SEVs Register however, the entry will have an expiry date of 3 years from the date the details were entered on the 'List of eligible SEVs under the interim arrangements'.

## Step 5. Vehicle availability questions

Now you need to answer the Vehicle availability questions confirming whether or not the vehicle is **now** available in Australia (see below).

**Tip:** Make sure you **click on the edit button first**.

### Vehicle availability

SEV-2021-000253 Return without saving

Have at least three months passed since the variant of a model, or make and model, of a road vehicle was first available to consumers in any market?

Yes  
 No

Has the variant of a model, or make and model, of a road vehicle ever been available in Australia?

Yes  
 No

Are you the holder of the approval, or authorised in writing by the holder of the approval, under which the variant of a model, or make and model, of a road vehicle was available in Australia?

Yes, I am the approval holder, or have permission from the approval holder  
 No  
 Not applicable

Please upload or explain in the textbox below, either:

- Your type approval or your support from the approval holder for the variant of a model, or make and model, of a road vehicle to be entered onto the SEVs Register, or
- Information showing that the variant of a model, or make and model, of a road vehicle is not/has not been genuinely available in Australia during a time that it was available elsewhere in the world
- Information demonstrating how the variants of the make and model of the vehicle are significantly different to any variant of the make or model of the vehicle that is genuinely available in the Australian market (if applicable).

This vehicle has never been given IPA or VTA approval in Australia - RVCS and ROVER search 16/07/2021

Save and Continue

## Step 6. Declarations

Complete all the declarations.

## Step 7. Submit the application

Submit the application but **do not pay** the application fee yet.

## Step 8. Email us

Now you need to email: [ROVERinfo@infrastructure.gov.au](mailto:ROVERinfo@infrastructure.gov.au) with the following details.

**Email subject:** SEV-2021-000XXXX application submitted – fee waiver required

**Email body:** I have submitted SEVs Register application SEV-2021-000XXXX to transfer a vehicle from the Interim SEVs List to the SEVs Register. Please waive the fee and progress the application.

You will be notified of the outcome of your application following assessment. This may take up to 30 business days.

If the vehicle has become available in Australia under an IPA or vehicle type approval after the original application for the Interim SEVs List, the vehicle will be added to the RVSA SEVs Register for the remainder of the original 3-year approval.

If the vehicle has still not been made available in Australia the vehicle will be entered on the SEVs Register for a new 3-year period.

Definition of a **business day** under section 5 of the Rules: Means a day that is not a Saturday, Sunday or a public holiday in the Australian Capital Territory.
