Section 22

It seems that SIMTA's key request is clearance for the railway to be built on the land on the southern side of the current DNSDC site, which we have withheld until now. Recent conversations with Robin have reinforced our earlier discussion that that portion of land should be transferred to DOFD/DOIT/the IMT GBE for offset or other purposes.

Section 47C

Grateful your thoughts - it might be a useful thing for us to discuss at the IMT Steering Committee meeting on Friday
