COMPLIANCE PLATE APPROVAL

APPROVAL No.: 7066

ISSUE: 4

The Administrator for Motor Vehicle Standards (the Administrator) approves the affixing by the Company named and described in Schedule 1 (the Company) to a motor vehicle of the kind described in Schedule 2 (the specified vehicle) which the Company has certified complies with the Australian Design Rules specified in Schedule 5 of a Compliance Plate that conforms to the specimen set out in Schedule 4 (the approved Compliance Plate).

In this approval, a reference to an Australian Design Rule is a reference to a rule cited in the National Standard determinations, made under Section 7 of the Motor Vehicle Standards Act, together with that rule's distinguishing number.

This approval is subject to the following conditions:

1. The Company shall not affix the approved Compliance Plate to a motor vehicle that is not a specified motor vehicle.
2. The Company shall not without the prior approval of the Administrator affix the approved Compliance Plate to a motor vehicle that bears a different identification mark or is in any other way different from the motor vehicle described in the final form of the application for this Approval. The application includes reports and other documents relating to the application.
3. The Company shall by detailed quality control and test ensure continuing compliance with such of the Australian Design Rules specified in Schedule 5.
4. The Company shall maintain records of detailed quality control and test documentation.
5. The Company shall carry out, to the satisfaction of the Administrator, any additional tests required by the Administrator, for the purposes of demonstrating compliance with such of the Australian Design Rules specified in Schedule 5.
6. The Company shall not affix the approved Compliance Plate to a motor vehicle on or after the implementation date for a new Australian Design Rule applicable to the specified motor vehicle.
7. The Company shall not affix the approved Compliance Plate to a motor vehicle manufactured or imported into Australia in a registerable condition, on or after the Expiry date specified in Schedule 3.
8. The approved Compliance Plate shall be affixed to the motor vehicle to which it relates in the position specified as Plate Location in Schedule 3.
9. On cessation of marketing the specified motor vehicle in Australia, the Company shall notify the Administrator of the date of manufacture and VIN of the last specified motor vehicle supplied to the market in Australia.
