

SUCCESSFUL APPLICATIONS - NSRF ROUND THREE

Project Ref	Applicant Organisation	Project Name	Project Description	Location	State	Commonwealth Funding Approved	Total Project Cost
NSRF300164	Bathurst Regional Council	Construction of a Rail Museum in Bathurst, NSW.	The Project will provide an additional cultural facility for the Bathurst Region through the restoration and extension of the historic Railway Institute Building. The facility will value add and strengthen the visitor economy whilst at the same time preserve and convey the significant story of rail for Bathurst and NSW. The project will provide broad community benefits through volunteering, education and mentoring. Specific areas of disadvantage will also be addressed with programs for schools, disengaged youth and senior men.	Bathurst	NSW	\$965,250	\$2,296,862
NSRF300094	Bega & District Nursing Home Ltd	Upgrade community-owned Aged Care facility in Bega	The outcome of this project is the redevelopment of the oldest wing of Bega & District Nursing Home's Hillgrove House, which currently houses multi-bed resident rooms and an ancillary kitchen. On completion, residents will have ensuite rooms that are more private and spacious. There will also be a commercial kitchen, equipped to accommodate the organisation's growth into the future, which will provide over 200,000 meals per year. The result will be a modern aged care facility which will improve the comfort and lifestyle of its occupants and enhance our charity's services to the older people of the area, as well as increasing employment in both the short and long term.	Bega	NSW	\$850,000	\$4,583,386
NSRF300344	Blue Mountains City Council	Upgrade Glenbrook VIC to Regional Tourism Centre	The Upgrade of Glenbrook Visitor Information Centre (VIC) to a Regional Tourism Centre and Glenbrook Park enhancements will provide a regional tourism centre incorporating the proposed Regional Tourism Organisation for the Blue Mountains, Hawkesbury & Penrith. The Project will enhance Glenbrook as the 'Gateway to the Blue Mountains' and better link the town centre to the Visitor Information Centre, providing growth in the tourism sector and increase capacity to manage an estimated four million tourists visiting the City by 2025 (up from 3 million currently). The Project will also improve accessibility and amenity of the Visitor Information Centre and Glenbrook Park for locals and visitors and upgrade visitor facilities to provide an interactive visitor experience.	Glenbrook	NSW	\$699,985	\$1,399,970
NSRF300278	City of Lithgow Council	Lithgow Blast Furnace Park Facilities	The outcome of this project will be a diverse economic base for central west NSW. Lithgow is rapidly emerging from a town with a history of coal and dust to a city for the 21st Century. The Project will use the region's history to create a new future for the community. The Australian and International film industry has found the first steel blast furnace constructed in Australia, and this project is about maximising the opportunity for employment and addressing disadvantage that this provides. The project involves preparing the Blast Furnace site to be film ready. The added benefit is that this work will prepare the site for tourism.	Lithgow	NSW	\$545,050	\$1,090,100
NSRF300175	Dubbo City Council	Upgrade of Dubbo Airport & Aeromedical Facilities	The Upgrade of Dubbo Airport and Aeromedical Facilities will ensure Dubbo City Regional Airport will consolidate Dubbo City Regional Airports position as a key regional air provider for the Western and Orana Regions. The Project will increase tourism, provide improved healthcare provision and facilitate economic growth through the attraction of new business, delivery of new services and expansion of existing businesses in the General Aviation Area. These key elements at the Airport will improve the liveability of the region and encourage the attraction of new residents and businesses and act as a catalyst for further investment in the region.	Dubbo	NSW	\$6,685,000	\$17,570,420
NSRF300003	Forbes Shire Council	Expansion of the Central West Livestock Exchange	The outcome of the project will be growth in economic activity in Central West NSW by lifting throughput at the Forbes Livestock Exchange Cattle Selling Facilities from 1800 Cattle a day to 2600 a day. The project will take the exchange to 105,000 head of cattle a year worth \$84,000,000 to the Australian economy. The project will build on the available cattle that currently exceeds capacity. A sale day in February 2015 had 3,438 head, going to 3am. The Free Trade Agreement with China and the lower Australian dollar has grown the throughput of livestock and the Council will aim to capitalise on the opportunities that are provided by removing the limits to productivity.	Forbes	NSW	\$1,513,161	\$3,423,638
NSRF300261	Friends of the Koala Inc	Construct access road and new building with fit out	The outcome of this project is to construct an access road and building, including fit-out, to house the educational, administrative and volunteer functions of the organisation currently located in the Koala Care Centre. The Project will provide a secure garage for the organisation's Rescue Van, which is currently parked in the open and will improve the organisation's capacity to promote the complex as an educational tourism experience and tourist destination, increasing our visitor numbers and enabling us to deliver educational information about koalas to diverse groups. It will extend the range of skills we can offer to Centrelink clients and potential volunteers.	East Lismore	NSW	\$78,028	\$156,056

Project Ref	Applicant Organisation	Project Name	Project Description	Location	State	Commonwealth Funding Approved	Total Project Cost
NSRF300101	Hurstville City Council	Multipurpose meeting rooms and archival area	The outcome of this project is to create a multipurpose meeting space and an archival storage area at Hurstville Library. These spaces will enable Hurstville Library Museum & Gallery (LMG) to provide a training and education hub for disadvantaged groups and local small businesses; create a maker space that encourages creative expression, skill development and inter-generational learning; provide affordable meeting spaces for community groups and local organisations; and offer professional development opportunities for the cultural sector. With partner investment this project will generate jobs, alleviate disadvantage and unemployment; fulfil community needs and foster lifelong learning.	Hurstville	NSW	\$500,000	\$1,700,000
NSRF300199	Hurstville City Council	Upgrade and Revitalisation of Penshurst Park	The Penshurst Park upgrade will provide the community with a range of new facilities and more diverse recreational and community space through a purpose built Youth Centre and a District Level Sporting Hub. With the outstanding sporting facilities at Hurstville Aquatic Leisure Centre located right next door, Penshurst Park will become the sporting precinct of the Hurstville Local Government Area. This project will address the growing community demand for recreational and community facilities ensuring the future growth of sport to the region.	Penshurst	NSW	\$1,000,000	\$12,000,000
NSRF300243	Kurrajong Waratah	Construction multipurpose facility at Wagga Wagga	The construction of a multi purpose facility at the Hildasid farm will create a range of skill development opportunities, meaningful lifestyle activities and employment for disadvantaged members of the community including people with a disability, mature age workers and culturally and linguistically diverse members. Enhancing skills, socialisation and employment of disadvantaged people within the community will improve their capacity to live healthy independent lives, thus reducing demand on medical and social services. A total of 40 FTE jobs will be established during construction and 17 FTE jobs post construction, 6 for people with disabilities. An additional \$12 million will be injected into the local economy.	Lake Albert Wagga Wagga	NSW	\$1,200,000	\$3,000,000
NSRF300334	Parkes Shire Council	Extension of Parkes Regional Airport Business Park	This project will facilitate investment in the airport industrial precinct by unlocking a commercial hangar precinct with new airside apron, in conjunction with service upgrades (sewer/water/power) to support flagged investment opportunities at the Airport. This final stage of the Parkes Regional Airport Masterplan will afford Parkes Shire Council the opportunity to develop and lease a further 5 sites suitable for commercial investment. With this infrastructure in place, the full gamut of economic benefits will be realised by attracting new business which include a helicopter based business (aerial inspections), aircraft refuelling and maintenance, pilot training and an air freight business.	Parkes	NSW	\$1,557,500	\$3,115,000
NSRF300238	Ronald McDonald House Westmead	Construction of new Ronald McDonald House Westmead	The new Ronald McDonald House Westmead will provide accommodation for a minimum of 1360 families from regional NSW, interstate and overseas per year, for the duration of their child's treatment for serious illness at the Children's Hospital Westmead. This expansion is three times the current capacity of RMH Westmead and will support the more than 400 families that are currently unable to be accommodated each year, while making provision for the future needs of the growing population.	Westmead	NSW	\$6,000,000	\$31,000,000
NSRF300364	Royal Far West	Build Centre for Rural Child Health and Learning	The Royal Far West (RFW) Centre for Rural Child Health and Learning will be a world-class facility dedicated to the health and wellbeing of rural, regional and remote children and their families. The new Centre will enable RFW to grow from supporting 1,650 to 15,000 regional children and families each year. With a health service, school and accommodation in one facility, RFW provides a uniquely integrated multidisciplinary service that supports the health, development, and education of country children. This project will enable RFW to expand its services, increase its technology capabilities, and extend its reach into more regions.	Manly	NSW	\$10,000,000	\$35,095,538
NSRF300366	Shopfront Theatre for Young People Coop Ltd	New Community Culture Centre in St George	The outcome of this project is to create a culture hub for the Southern Sydney region with increased community organisation partnerships, improve economic growth in the region by supporting young people (under 25) commencing small businesses in the creative industries and improve economic growth in the region by increasing Shopfront's capacity to draw larger audiences. The project will also increase the capacity of Shopfront to reach more disadvantaged youth, enhance arts and community organisation partnerships by building and subleasing office space and provide seamless referral of mental health and/or homelessness services for disadvantaged youth by co-locating social work/counselling/youth housing services.	Carlton	NSW	\$558,101	\$1,116,202

Project Ref	Applicant Organisation	Project Name	Project Description	Location	State	Commonwealth Funding Approved	Total Project Cost
NSRF300475	Tumbarumba Shire Council	Khancoban Swimming Pool Upgrade	Redeveloping the Khancoban pool is part of the Council's 'enhancing the vibrancy' of Khancoban program. Swimming in the local waterways is undesirable due to sudden and rapid water flow levels caused by the generation of electricity, potential bank collapses during and after high water flow, cold temperature of the water, high boating activity, logs and turbidity after storms. The accessible and supervised pool will increase patronage and employment, assist in retaining existing and attracting new residents, employees and business, improve health outcomes averting a declining population, incidence of chronic disease and socio-economic disadvantage.	Khancoban	NSW	\$215,000	\$460,000
NSRF300483	Wollongong City Council	Fowlers Road to Fairwater Drive Road Link	The West Dapto Urban Release Area is the largest urban release area in NSW outside the Sydney Northwest and Southwest growth areas and will generate 17,000 housing lots and 135 hectares of employment lands will provide low-cost housing and work support for 50,000 new residents over the next 40 years. The Fowlers Road to Fairwater Drive road link is the largest project of the West Dapto Urban Release Access Strategy. The 4-lane, 1.3km road link will deliver an immediate injection of \$93.5 million into the local economy, during the construction phase, and in the five years post-construction will enable the development of 1,350 dwellings, annually generating \$103.5 million of direct economic activity.	Dapto	NSW	\$10,000,000	\$91,885,716
NSRF300178	Yass Early Childhood Centre Association	Extension of Yass Early Childcare Centre Stage 2	With the implementation of the Stage 2 extension, YECCA will be able to provide an additional and affordable 23 childcare and preschool places to meet the growing demand from the Yass Community, plus a purpose built space for underserved families requiring the support from Goulburn's My Direction Team. The My Direction Team provide early intervention, resources, therapy and support for children with additional needs. The Board and educators of YECCA believe the use of this extension is significantly valuable to enable working families of Yass access to affordable childcare and local access to occupational therapy support and services, which are currently unavailable.	Yass	NSW	\$195,500	\$395,487
NSRF300192	Yumaro Incorporated	Construct Yumaro Independent Living Complex Moruya	Yumaro intends to build a vibrant specialist disability housing complex operating as part of a peer support network with access to 24 hour emergency staff assistance in the case of emergency. This will address a severe shortage of appropriate accommodation for people with a disability in the Eurobodalla area.	Moruya	NSW	\$591,379	\$1,183,601
NSRF300275	East Arnhem Regional Council	Redevelop the Visitor Accommodation at Gapuwiyak	The Project will boost tourism visitation to one of the most disadvantaged regions in Australia. The Gapuwiyak Visitor Accommodation Upgrade Project will redevelop the existing accommodation to provide motel style rooms to facilitate tourism development and deliver a range of critical social and economic outcomes for East Arnhem and the broader region through job creation. It is estimated that the construction spend and new ongoing jobs created through the project will have a combined impact of up to \$1.3 million and create up to 13 new jobs.	Gapuwiyak	NT	\$241,875	\$483,751
NSRF300397	Roper Gulf Regional Council	Growth Centre Transport and Freight Hub Project	The project will upgrade and improve the existing start and end mile infrastructure in the growth centres of Ngukurr and Numbulwar on the Roper Highway, a strategic freight road in the Northern Territory. The upgrades will address capacity, logistical and safety issues for both towns where freight can only be delivered by road or barge. These two remote communities are wholly reliant on freight services for survival and growth. The current infrastructure is insufficient in capacity in both wet and dry seasons. The freight hub upgrade will reduce transport costs by creating efficiencies and increase competition thus reducing the cost of living in these remote communities.	Ngukurr	NT	\$999,500	\$2,311,475
NSRF300023	AEIOU Foundation	AEIOU Logan Autism Centre of Excellence	The Project will establish an AEIOU centre at Griffith University Logan to service an unmet and vital need for early intervention and support services to children with autism (aged 2.5-6). The centre will also facilitate research, education/training, resource development for parents, school teachers, researchers and students in partnership with key stakeholders including Griffith University Logan along with Federal, State & Local Governments. The Project will address disadvantage, remove barriers to productivity, develop education economies and will result in savings to welfare.	Meadowbrook	QLD	\$999,840	\$2,237,962
NSRF300307	Bundaberg Regional Council	Redevelopment of Christen Park (Stage 2), Bargara	The Project will redevelop Christen Park (Stage 2), to provide for better safety and tourist/recreational amenity for users of this popular park area adjacent to "The Basin", a popular local sheltered swimming area. The project will follow the Stage one works and will cover civil works such that a two-lane roadway to replace the existing loop road, which currently isolates the park from the beach and coastline.	Bargara	QLD	\$401,078	\$802,156
NSRF300303	Burke Shire Council	Upgrade to Burketown Wharf Precinct Project	The project will upgrade the Burketown Wharf Precinct.	Burketown	QLD	\$994,619	\$2,454,151

Project Ref	Applicant Organisation	Project Name	Project Description	Location	State	Commonwealth Funding Approved	Total Project Cost
NSRF300486	Cairns Regional Council	CPAC - Cairns Performing Arts Centre	By early 2018, Cairns will have a new, purpose-built performance theatre on the fringe of the CBD, estimated to cost \$66.5 million. The Cairns Performing Arts Centre (CPAC) will provide for the cultural and community life of the city for the next 50 years.	Cairns City	QLD	\$10,000,000	\$66,500,000
NSRF300131	Etheridge Shire Council	Construction of the Charleston Dam Facility	The outcome of this project is to construct a Roller Compacted Dam to supply 100ML of water per annum to Forsayth, 500ML of water to Georgetown, plus provide a recreational facility. This will be a key enabler that is critical to the agricultural and clean energy developments that are occurring within the Shire. It will provide an additional boost to the tourism industry having a direct benefit to our local economy. This Dam will provide a clean & secure urban water supply	Forsayth	QLD	\$10,000,000	\$17,575,770
NSRF300345	Lives Lived Well Limited	Construction of Family Recovery Units at Logan	The outcome of this project is to construct six family units at the Logan House Recovery Centre to provide access to drug and alcohol rehabilitation services for parents with young children.	Chambers Flat	QLD	\$986,000	\$1,972,000
NSRF300471	Lowood Show Society Inc.	Redevelopment of the Grandstand and Hall	This Project will remodel the grandstand and extend the Lowood Show Society Hall to incorporate more hall space, and installation of a disabled lift for access to the hall.	Lowood	QLD	\$25,075	\$50,150
NSRF300383	Mackay Cricket Association Inc.	Harrup Park Premier Oval Lighting Upgrade	The project will upgrade the lighting on the Premier Oval at Harrup Park Country Club, from 500 Lux to 1500 Lux. This will meet the required standards of Cricket Australia, Queensland Cricket and the AFL to enable the facility to host marquee sporting events, especially with the demand that these events take place during the popular evening timeslot and are televised. The project will generate increases in local expenditure, jobs creation and tourism. During the construction phase the project will result in the creation of 7 to 8 jobs and gross revenue of at least \$1.5 million.	South Mackay	QLD	\$497,026	\$997,026
NSRF300282	Nambour Alliance Inc	Construction of the Nambour Heritage Tramway depot	The Project will see a Western Terminus depot constructed as part of the first suite of works for the Nambour Heritage Tramway. The depot will initially be used as an Information Centre and to display heritage locomotives, before transitioning to become the Western Terminus of Nambour's heritage tramway. The Nambour Heritage Tramway will see former cane train tracks re-activated and used by a new solar-powered, battery regenerated passenger tram. The project will increase visitor numbers, generate tourism and events spending, and play a vital role in addressing disadvantage and rebuilding community connectedness and pride in the Sunshine Coast hinterland town.	Nambour	QLD	\$500,000	\$1,088,742
NSRF300107	Rotary Club of Atherton Inc	Rocky Creek WW2 Igloo Restoration Project	Restoration and opening to the public of the Rocky Creek Igloo, a heritage listed building originally used as an entertainments complex attached to the WW2 Military Hospital just north of Atherton, Queensland. It will preserve and showcase important regional history as well as establishing a new tourism asset for the Tablelands. The restored Igloo through its heritage appeal will stimulate increased tourism visitation, visitor expenditure and job creation in the region. It will also be for the benefit of the local community as a venue for meetings and exhibitions and it will raise revenue for its sustainable on-going maintenance.	Tolga	QLD	\$90,200	\$185,674
NSRF300419	Winton Shire Council	Reconstruct the Waltzing Matilda Centre, Winton	To enhance the experience of tourists in Winton and encourage increased visitations and longer stays in the region, the 'rising from the ashes' of a Modernised and Enhanced Waltzing Matilda Centre will provide a hub for Winton's Tourism Offer in the region to draw visitors to the Centre, motivate longer and more enriched stays promoting visitors to get out for a taste of the multitude of tourism and service offerings in the region. This will increase utilisation of tourism assets, as well as support industries and drive broader economic impact throughout the region.	Winton	QLD	\$8,000,000	\$22,260,000
NSRF300128	Baramba Monash Football Club Inc	Upgrade the Football Club facilities at Baramba	The facility upgrade and re-development will allow for a much broader community offering and involvement in the Baramba Monash Football Club. The club upgrade and change rooms redevelopment will allow club associations to utilise the redeveloped facilities. Upgraded facilities will allow training and education to be conducted in private meeting rooms. It will benefit the local economy and various community groups.	Baramba	SA	\$199,000	\$442,588
NSRF300315	District Council of Peterborough	Mid North Industry Growth Project	The expansion of local industry and business in Peterborough is limited by the lack of a reticulated waste water management system. Relying on rudimentary pitted systems for waste and effluent management is inhibiting expansion of significant local industry including the largest exporter of camel meat in the world, SAMEX, and a number of growing tourism businesses. A waste water management system is critical infrastructure that will build Peterborough's economic base and enable the expansion of global industries and local business. This will improve productivity of the region, leveraging new business opportunities and providing new jobs and training opportunities for the region's young people.	Peterborough	SA	\$8,600,000	\$17,600,000

Project Ref	Applicant Organisation	Project Name	Project Description	Location	State	Commonwealth Funding Approved	Total Project Cost
NSRF300173	The Nature Conservancy	Construction of reef for fishing tourism in SA	The landscape-scale (20 hectare) construction of shellfish reefs near Stansbury-Androssan, Yorke Peninsula, South Australia will result in new, long term job opportunities and economic benefits for the region through fishing tourism and sustainable aquaculture. Shellfish reefs are an essential piece of blue infrastructure but have been all but wiped out due to overharvesting in colonial times. Re-building this infrastructure will create up to 25 FTE jobs in construction, aquaculture, tourism and the service sector. Long-term outcomes will include boosting fish numbers by restoring highly productive habitat which is critical for the future prosperity of Yorke Peninsula coastal communities.	Rouges Point	SA	\$990,000	\$3,700,000
NSRF300340	Town of Gawler	On the Move: Gawler Active Town Precinct Project	The demand for well-serviced, open-air community spaces in Gawler is increasing with more events organised to activate, revitalise and increase economic activity in the Main Street and town centre. 'On the move' Active Town Precinct will establish Gawler as the region's leading active, clean and green community. More visitors including cyclists will contribute to growth in main street business creating new jobs in the town and region. New outdoor facilities will be constructed in the Main Street's Pioneer Park, a cycle hub and the region's first electric charging station. The Precinct will create an active, flexible and engaging outdoor space for the region's residents and visitors.	Gawler	SA	\$59,480	\$132,177
NSRF300130	Circular Head Council	Circular Head Community Wellbeing Centre	The outcome is three parts including preparing people for work, keeping people in work and returning people to work. Industries are growing, driven by export of dairy and food products to China. The area has jobs available, but not enough people in the workforce to fill them. The Council will work with people with a disability or special needs to prepare for work. They will also work with professionals and staff to provide access to fitness, safety and health programs to keep people in work. Additionally, Council will assist those with injury or illness to return to work through rehabilitation. 'Fit for work' will help all people who want to work, regardless of who they are, and from this grow the Australian economy.	Smithton	TAS	\$3,822,750	\$8,495,000
NSRF300479	Northern Midlands Business Association	Construction of a Truck Wash at Powranna	The project will construct a truck wash capable of cleaning livestock transports and other agricultural vehicles up to the size of twin-decker B-doubles. This will underwrite the operation of existing livestock-dependent industries and remove barriers to the expansion of the sector in the northern midlands. Benefits include improved biosecurity and welfare for animal-based industries and also reduction of the spread of weed, seeds and pathogens affecting plant-based industries. The appropriate disposal of effluent from livestock transports and cleaner trucks will improve amenity for other road users and roadside properties. It also will improve workplace health and safety for operators.	Powranna	TAS	\$247,000	\$497,000
NSRF300548	Alpine Shire	Alpine Better Places: Myrtleford & Poepunkah	The Alpine Better Places project will see a multimillion-dollar redevelopment of key public spaces within the Alpine Shire townships of Porepunkah and Myrtleford - spaces that celebrate the natural environment, embrace cultural heritage and preserve the rural town feel. It will provide increased opportunity for walking, cycling and social interaction through greater connectivity between recreation and commercial spaces, enabling Council to market and promote regional business opportunities through an increased business investment profile - ultimately improving the vitality of the townships making them more attractive places to visit, socialise and conduct business.	Porepunkah	VIC	\$990,000	\$4,976,000
NSRF300597	Borough of Queenscliffe	Destination Queenscliff Precinct Revitalisation	'Destination Queenscliff' is a multifaceted precinct activation project that will drive new tourism visitation, strengthening Queenscliff's destination appeal and be a stimulus for new tourism product, investment and employment creation. Implementation of the project will deliver new tourism services and products that will improve the liveability, increase employment and tackle disadvantage issues for the Borough and for the region. Destination Queenscliff will directly address local and regional disadvantage through job creation, economic diversification and deliver social benefits that result from employment stability, public realm improvements and investment in place making infrastructure.	Queenscliff	VIC	\$3,489,514	\$6,994,514
NSRF300491	City of Boroondara	Construction of the North East Community Hub	The North East Community Hub (NECH) will be a new \$23.2 million multipurpose co-located community facility. It will provide services in an area of Boroondara, that has disadvantaged groups and gaps in local services. The co-location of services will increase collaboration to support community members across the lifespan, especially those with higher needs. The NECH will expand the neighbourhood activity precinct and link directly to Greythorn Shopping Centre (GSC), North Balwyn. This project will revitalise underutilised land (value \$5.2m), create public open space, upgrade Centre Way & develop an anchor community facility (alongside a new supermarket) to increase ongoing employment & trade at GSC.	North Balwyn	VIC	\$3,200,000	\$23,192,660

Project Ref	Applicant Organisation	Project Name	Project Description	Location	State	Commonwealth Funding Approved	Total Project Cost
NSRF300416	Glenelg Shire Council	Australian Kelpie Centre	The outcome of the project will be the development of the Australian Kelpie Centre to increase visitor numbers to the Glenelg Shire region.	Casterton	VIC	\$658,230	\$1,316,460
NSRF300318	Golden Plains Shire Council	Develop Stage 1 Bannockburn Civic Heart Precinct	Outcomes from the development of stage 1 of the Bannockburn Civic Heart Precinct include increased visitation, retail spending, and job creation in Bannockburn, the main service centre in Golden Plains Shire. Stage 1 of the Precinct will transform the liveability and amenity of Bannockburn and increase activity in the town centre. The Precinct will encourage people to live, work and visit Bannockburn and surrounds by developing an attractive and welcoming multi-faceted community civic space in the main street of Bannockburn. This development will be located alongside the Bannockburn Library and Cultural Centre and will incorporate the award winning Golden Plains Farmers' Market.	Bannockburn	VIC	\$1,200,000	\$2,400,000
NSRF300591	Greater Bendigo City Council	Bendigo Tennis Centre Expansion	The outcome of this project is to redevelop and expand the Bendigo Tennis Centre. This capacity facilitates opportunities to host major tournaments, increases visitation, diversifies the business opportunities available to the centre, increases local opportunities for participation, provides low cost participation to disadvantaged communities and brings significant national sporting events to a Regional City. The project will ensure that the facility has capacity to retain its regional status for the next 30 years. By redeveloping and expanding the facility, temporary infrastructure will no longer be required and the Centre will no longer be at risk of losing major tournaments.	Bendigo	VIC	\$2,090,000	\$6,090,000
NSRF300043	Horsham Rural City Council	Construction of the Horsham North Community Hub	The project will provide a \$4.1 million community hub that is the focal point or 'heart' for the disadvantaged area of Horsham North to enhance the liveability of the area and be a catalyst for encouraging future investment and economic growth. The project will provide an accessible, supportive and seamless 'one-stop-shop' for integrated children and family services such as kindergarten, early intervention services, long day-care and maternal and child health.	Horsham	VIC	\$900,000	\$4,100,000
NSRF300401	Shire of Moyne	Construct the Mortlake multipurpose facility	Construction of a new multipurpose facility to provide the only modern space for training, community meetings, large gatherings for sport, business forums or social activities. Works will also include male and female umpire change rooms, male and female accessible toilets to service the function area and enable ease of access for all people. This facility will increase active participation and promote social connection.	Mortlake	VIC	\$350,000	\$800,000
NSRF300351	Shire of Towong	Construction of the Upper Murray Events Centre	Building on the success of the Man from Snowy River Festival, the Upper Murray Events Centre in Corryong will provide a purpose constructed event facility which can play host to key aspects of the Man from Snowy River Bush Festival and provide a space for new events. The festival currently attracts 20,000 visitors each year, injecting over \$2.2 million into the local economy. This facility will enable the festival to grow, and will expand smaller, regular complementary events, as well as providing space and appropriate facilities to host a range of new and existing events, including the Upper Murray Challenge, paragliding and para-motoring, cycling and triathlon events.	Corryong	VIC	\$800,000	\$1,600,000
NSRF300352	Shire of Towong	The Great River Road project	The Murray River Road stretches from Albury to Towong following the curves and bends of the Murray River. The road offers the best touring experience of the Murray River, with the spectacular Snowy Mountains as the backdrop. The Great River Road project was identified through the Upper Murray 2030 Plan, a holistic planning project to map the future prosperity of the Upper Murray. The Great River Road project, by providing key infrastructure, signage and promotion, will highlight the spectacular nature of the views and experiences available along this touring route, boost the local economy by increasing tourism and tourism yield, and grow jobs in a number of small rural communities.	Bringenbrong	VIC	\$495,000	\$990,000
NSRF300387	Surf Coast Shire	Winchelsea Town Centre Beautification Project	The Project includes Winchelsea Town Centre Beautification consisting of two parts, including capital works aimed at creating a more aesthetically pleasing and themed shopping and recreation precinct via street scaping and a feature ANZAC memorial area, along with the creation of two distinctive township entrance sculptures (east and west) through gateway art pieces on the Princes Highway. The project builds on significant investment made in the town via the duplication of the Princes Highway and will create a unique and welcoming feel for the town to attract additional visitors, increased expenditure, facilitate business investment and foster growth.	Winchelsea	VIC	\$155,000	\$310,000

Project Ref	Applicant Organisation	Project Name	Project Description	Location	State	Commonwealth Funding Approved	Total Project Cost
NSRF300022	Swan Hill Rural City Council	Upgrade Swan Hill Regional Livestock Exchange	The project will increase productivity, efficiency and safety of the Swan Hill Regional Livestock Exchange ("SHRLE"), leading to increased sales, higher profit margins, employment creation, economic development and export potential. Space rationalisation will free up land for a commercial development creating 8 FTE direct jobs. Long term viability and self-sufficiency will be achieved through operational savings with faster and larger turnover. Mechanisation, better facilities and better layout will improve risk management, OHS for workers, public safety and minimise fatigue for transporters. The Project will create best practice in livestock welfare and achieve water management efficiencies.	Swan Hill	VIC	\$876,150	\$1,752,300
NSRF300495	Warramunda Village	Redevelopment of Warramunda Aged Care	The outcome of this project is to increase the capacity of our residential aged care facility by building a new 22 bed dementia care wing providing much needed additional places to our community. It will also provide state of the art dementia specific design to build the capacity of our organisation to accommodate the expected increase in dementia clients over the next 20 years. The project will also provide the necessary administration space to house a new Home Care business for our community. This will be a fee for service product that is competitively priced and an alternative to Commonwealth funded home care, allowing seniors to remain in their homes longer.	Kyabram	VIC	\$999,900	\$3,178,838
NSRF300385	Wellington Shire Council	Gippsland Regional Sports Complex - Stage 2A	The Gippsland Regional Sports Complex Precinct (GRSC) is part of the long term vision for the Wellington Shire Council. Stage 1 was delivered in 2011, with a feasibility study conducted in 2013 to review this vision and identify future priorities for the site. This project involves the delivery of GRSC Stage 2. The scope of works includes constructing a new multipurpose synthetic field and a universally accessible pavilion that will service the future athletics facilities. The facility will use by multiple sporting codes concurrently within the one playing area.	Sale	VIC	\$600,000	\$3,050,130
NSRF300393	West Wimmera Shire Council	Kaniva Cultural and Tourism Precinct	The Project will redevelop an idle public facility to become a cultural and tourism precinct. The open space will incorporate a wetlands network, interactive fauna park, an all-access, nature based play space, and associated amenities. The project is located on the most major highway between Melbourne and Adelaide, which acts as the Western gateway to the Wimmera and the Grampians. Not only will the project create local jobs and increase the regional visitor economy, it will improve social connectedness and opportunities for physical activity, for both the local community and tourists.	Kaniva	VIC	\$601,250	\$1,233,000
NSRF300567	Albany Agricultural Society Inc	Redevelopment of AAS Infrastructure	The project defines the construction of two large undercover structures and hardstand areas to ensure the ongoing viability of the Agricultural Show and the Albany Agricultural Society, and to facilitate the continuation of medium to large events. Without this infrastructure, the Show and the Society would become unsustainable within a year of operations and medium to large events would no longer be able to be accommodated. The project will be delivered in a two staged approach with the overall construction of three sheds (Pavilion A, Pavilion B, and Pavilion C), hard stand areas and ablutions. Pavilion A and B and some of the handstand area are the focus of Stage 1.	Albany	WA	\$950,000	\$1,900,000
NSRF300103	City of South Perth	Connect South Project:Stage 1 construction/upgrade	The Connect South Project will enhance & invigorate the Mends Street precinct located in South Perth. Developed with partnership support, this City of South Perth initiative will link the commercial & access hub of South Perth & beyond to the Perth CBD & positively contribute to the economic & social vitality of the area. The recent opening of Elizabeth Quay on the northern foreshore of the river has linked the City of Perth to the Swan River & now this project presents a similar opportunity through development of an accessible and highly attractive connection to provide a new piazza area for space activation, better access, connection and linkages between Mends Street, the Swan River & Perth Zoo.	South Perth	WA	\$2,500,000	\$7,500,000

Project Ref	Applicant Organisation	Project Name	Project Description	Location	State	Commonwealth Funding Approved	Total Project Cost
NSRF300209	Kununurra Bushmen's Rodeo Association	Build Outdoor Multi Purpose Facility, Kununurra	The project will deliver a quality lockable venue in which to host rodeos, camp drafts, community events and training programs at the rodeo grounds. This construction will develop the precinct to a much higher standard, which will support National & International Rodeo and Camp drafting events. Swelling tourism visitation numbers to the region will contribute to economic growth. It will deliver community infrastructure that supports active lifestyles and improves social outcomes across the East Kimberley. It will also provide a venue for new and extended education and training opportunities through partnerships leading to employment in the Agricultural and Pastoral Industries.	Kununurra	WA	\$319,588	\$519,588
NSRF300174	Liebe Group	Construction of Liebe Group purpose built facility	The Construction of the Liebe Group Purpose Built Facility will increase regional and national farming systems research. The collaborative research will guarantee increased innovation, injecting millions of dollars into the region each year. This will be achieved through growth of industry productivity and long term sustainability of the Liebe Group. Guaranteed continuity of this exciting work encourages the next generation of industry innovators. The Liebe Group celebrates 20 years of highly recognised regional, state and national research in 2017.	Dalwallinu	WA	\$616,500	\$822,000
NSRF300350	Plantagenet Village Homes Incorporated	Construction of Collet Barker Court Stage 3.	The outcome of this project is the provision of 7 high quality independent living units allowing seniors the choice of remaining and contributing in their own viable inter-generational community.	Mount Barker	WA	\$663,086	\$2,545,375
NSRF300563	Shire of Augusta Margaret River	Margaret River Business Events Hub (HEART Project)	The Shire's vision is to transform existing ageing cultural and sporting facilities into a vibrant Hub for Entertainment, Arts and Regional Tourism (HEART) that will enrich the quality of community life and strengthen the Margaret River Region's economy. The HEART project will help to diversify the economy by providing state of the art facilities to attract business and tourism related events particularly during the winter downturn in tourist visitation. The complex will meet the needs of the projected population, tourism and business sector growth over the next 20 years and complement the planned Main Street upgrade both revitalising the CBD following the construction of the by-pass road.	Margaret River	WA	\$1,800,000	\$3,600,000
NSRF300004	Shire of Cue	Development of Cue Community & Visitors Centre	This Project involves preserving a fundamental piece of Western Australian history through restoring an 1895 State Heritage Listed building and redeveloping it for community and visitor use. This Project will increase the provision of services to a low socio-economic area of Western Australia's Mid West region while showcasing the town's unique Indigenous and prospecting history, leading to tourism growth and ultimately a more sustainable economy.	Cue	WA	\$300,000	\$1,161,000
NSRF300587	Shire of Derby West Kimberley	Derby Airport Redevelopment	The Outcome of this project is to redevelop Airport infrastructure to support cost efficiencies to recommence the Regular Passenger Transport service. In addition this project will see the construction of a Tourism Air Lounge in order to enhance tourism activity in the region. Finally, the associated infrastructure to support the terminal and lounge will allow for improved base infrastructure to facilitate further private investment and will directly benefit the Royal Flying Doctor regional base located at Derby Airport.	Derby	WA	\$5,099,163	\$8,030,802
NSRF300227	Shire of Kellerberrin	Redevelopment of Centenary Park at Kellerberrin	The project will upgrade and reinvigorate Centenary Park to include a Skate Park and Naturescape that includes a sensory bush tucker garden. The Project will provide a safe, modern and all inclusive place predominantly for the region's youth, though still catering for all members of the Kellerberrin community as well as tourists to the area to utilise and enjoy. The Project will be a sociable and interactive place where people from all walks of life can come to enjoy, relax, where children's imaginations can run free, encourage interaction within the community and eliminate the vast and greatly underutilised space that currently exists.	Kellerberrin	WA	\$310,470	\$981,744
NSRF300066	Shire of Kondinin	Extension of Yeerakine Lodge	This Project will extend Yeerakine Lodge to increase capacity for the region's ageing population and contribute to population attraction and retention in the Wheatbelt region of Western Australia.	Kondinin	WA	\$600,000	\$921,902
NSRF300062	Shire of Lake Grace	Upgrade Lake Grace Sporting Complex	This Project will upgrade facilities at the Lake Grace Sporting Complex to enable employment opportunities, boost economic growth and create a sporting and community hub in Western Australia's Southern Wheatbelt region.	Lake Grace	WA	\$119,549	\$214,549

Project Ref	Applicant Organisation	Project Name	Project Description	Location	State	Commonwealth Funding Approved	Total Project Cost
NSRF300074	Shire of Manjimup	Construction of a Wellness and Respite Centre	The outcome of this project is to build a multifunctional hub of services and facilities in Manjimup, a town located in the South West of WA. The Centre is designed to support ageing in place and enable seniors, frail-aged people, people with disabilities, people with dementia and their carers to live independent and fulfilling lives in their homes and community. The Centre will accommodate the Shire's home support service and host a network of agencies working in partnership to deliver services, programs and respite, including high-needs and overnight respite. The Centre will also provide office, conference, meeting, therapy and activity spaces for hire.	Manjimup	WA	\$1,610,310	\$3,541,424
NSRF300113	Shire of Moora	Central Midlands Health Precinct Upgrade	The Central Midlands Health Precinct Upgrade (CMHPU) project will establish a purpose built hydrotherapy pool as part of the health precinct in the town of Moora for service to the wider regional community. As part of the establishment of the new building the local dentist will collocate into the area to ensure that health services are provided in one location for the Central Midlands region. This collocation will allow for improved service to the Central Midlands community and provide easier access to various allied health services in one location and will address various areas of disadvantage for residents in the region.	Moora	WA	\$900,000	\$1,800,000
NSRF300582	Shire of Narembeen	Upgrade & Extend the Narembeen Community Precinct	The Project will upgrade and extend the Narembeen Community Precinct building to include provision of primary, child and allied health services in the medical centre and expand the Community Resource Centre (CRC) to establish a business and community hub that serves the Lakes and Campion districts of the Western Australian Wheatbelt. The expanded CRC will also manage the relocated library from the Shire Offices to the expanded Narembeen Community Precinct building.	Narembeen	WA	\$759,535	\$1,067,635
NSRF300102	St John Ambulance Western Australia Ltd	New St John Ambulance Port Hedland Sub Centre	The Project is the construction of a new St John Ambulance and Training Sub Centre on a new site in Port Hedland to replace the existing aging facility. This Project will cater for increased need for ambulance services in the area and build a more resilient community with improved access to first aid training and equipment.	Port Hedland	WA	\$1,783,317	\$4,877,756
