Dear Vehicle Emissions Working Group,

As the Australian distributor of Audi vehicles in Australia and member of the Federal Chamber of Automotive Industry (FCAI), our company has been actively following and participating in FCAI discussions on the “Vehicle emissions standards for cleaner air” Draft Regulatory Impact Statement.

Additionally, our representatives have attended all FCAI vehicle emissions member briefing sessions as well the Stakeholder Forum on Vehicle Emissions and are abreast with the key policies and positions of the FCAI.

Please consider this letter as our company’s official response to the “Vehicle emissions standards for cleaner air” Draft Regulatory Impact Statement.
Our company fully supports the FCAI’s response.
