SAIC Motors Australia company response to "Improving the efficiency of new light vehicles" Draft Regulatory Impact Statement

Dear Vehicle Emissions Working Group,

As the Australian distributor of MG vehicles in Australia and member of the Federal Chamber of Automotive Industry (FCAI), our company has been actively following and participating in FCAI discussions on the "Improving the efficiency of new light vehicles" Draft Regulatory Impact Statement.

Additionally, our representatives have attended all FCAI vehicle emissions member briefing sessions as well the Stakeholder Forum on Vehicle Emissions and are abreast with the key policies and positions of the FCAI.

Please consider this letter as our company's official response to the "Improving the efficiency of new light vehicles" Draft Regulatory Impact Statement.
Our company fully supports the FCAI's response.

Kind regards,

Geoff Wright

Aftersales Director
SAIC Motor Australia
