
Aileen Fang

Hi I'm an art department assist who's still pretty new to the industry. I believe having more opportunities to elevate Australian stories is only going to strengthen the industry as we compete in an international market. Being able to distribute and make content for streaming sites is so important so that Australia becomes known for more than just Neighbours and Crocodile Dundee. We need to be able to tell our diverse, cultural stories with the help of people from all backgrounds.
