Subject: Telstra Exemption Kurilpa Peninsula
Date: Saturday, 30 May 2020 1:50:19 PM

To the point - the network speed in this area, an area that includes where I live at [REDACTED] and the place where I work on Montague rd, is grossly inadequate. 30/1, possible the worst in Australia and most parts of the world.

Please help us sort this out by not renewing the exemption for Telstra. At least now we know why its so bad!!

Regards

[REDACTED]
