

Fuel Tax Credit for Heavy Diesel Vehicles:

Guidelines for satisfying environmental criteria

OPTIONAL RECORD KEEPING TEMPLATE FOR CRITERION 4

*This template is provided for your guidance and use if desired.
It is not a requirement.*

Complete the Vehicle Details table below.

Vehicle Details	
Make	
Model	
VIN	
Engine No.	
Registration No.	

Complete the declaration below by ticking the appropriate box to confirm which method you are using. If you are following the manufacturer's engine maintenance schedules you need to be able to provide these on request. If you are using the generic schedules, you need to document which schedule you are using.

I am using the manufacturer's maintenance schedules for all components		<input type="checkbox"/>
I am using a combination of the manufacturer's maintenance schedules and Schedule No.of the generic schedules for the nominated components as follows (strike out non-applicable schedule):		<input type="checkbox"/>
Oil/Oil Filter	Manufacturer's Schedule / Generic Schedule	
Fuel Filter/s	Manufacturer's Schedule / Generic Schedule	
Air filter	Manufacturer's Schedule / Generic Schedule	
Valves	Manufacturer's Schedule / Generic Schedule	
Injectors	Manufacturer's Schedule / Generic Schedule	
Fuel pump	Manufacturer's Schedule / Generic Schedule	
Injection timing	Manufacturer's Schedule / Generic Schedule
