**Vehicles assessed under SEV interim arrangements as eligible for discretionary approvals**

Inclusion in this list is only an indication of eligibility of the variant/s; it does not constitute automatic approval for importation nor infer ADR compliance.

Under these arrangements, vehicles assessed as eligible will have a prefix in the 'make' field of 'DSEV—', short for 'discretionary approval, specialist & enthusiast vehicle'. This will allow easy identification of vehicles eligible under the interim arrangements compared to those eligible under the Motor Vehicle Standards legislation.
