Road Vehicle Standards Rules 2019
Renumbering Comparison - Exposure Draft 2017 to Rules 2019

Part 1—Introduction 1
Division 1—Preliminary 1
1 Name ........................................................................................................................... 1
2 Commencement .......................................................................................................11
3 Authority ..................................................................................................................11

Division 2—Simplified outline of this instrument 22
4 Simplified outline of this instrument ........................................................................22

Division 3—Definitions 4
5 Definitions ................................................................................................................4

Part 2—The Register of Approved Vehicles 88
Division 1—Introduction 88
6 Simplified outline of this Part ..................................................................................88
7 Purpose of this Part ..................................................................................................88

Division 2—Content of RAV 99
8 Information to be included on RAV ........................................................................99
9 Who may enter information on RAV .......................................................................99
10 Certain information on RAV to be publicly accessible ........................................99
11 Correction of errors on RAV ..................................................................................1010
12 Determination—information to be included on RAV etc ......................................1010

Part 3—Entry on RAV via entry pathways 1212
Division 1—Introduction 1212
14 Simplified outline of this Part ..............................................................................1212
15 Purpose of this Part ..............................................................................................1212

Division 2—Type approval pathway 14
Subdivision A—Requirements of the type approval pathway 14
16 Type approval pathway 14

Subdivision B—Application for, and grant of, road vehicle type approval 15
17 Application .............................................................................................................15
18 Further information and inspection of premises etc ............................................16
19 Minister, Secretary may refuse to consider application in certain circumstances ..........................................................................................................................16
20 Criteria for deciding application ...........................................................................16
21 Other considerations .............................................................................................19
21 Timeframe for deciding application ......................................................................19
22 Minister to decide application ...............................................................................19
23 Grant Period of road vehicle type approval .......................................................19
24 Refusal of application ..........................................................................................20
23 Notice requirements for grant of road vehicle type approval ................................19
24 Notice requirements for refusal to grant road vehicle type approval ..................20

Subdivision C—Conditions applying to road vehicle type approvals 20
25 Conditions of road vehicle type approval ............................................................20
26 Condition about compliance with national road vehicle standards .................21
27 Condition about providing evidence of compliance with changed national road vehicle standards .........................................................................................................................21
Subdivision B—Conditions applying to RAW approvals

63 Notice requirements for refusal to grant RAW approval .....................................................41

Subdivision A—Application for, and grant of, approval of model reportModel Report

66 Application...........................................................................................................45
67 Further information and inspection of vehicles or premises........................................45
68 Minister Secretary may refuse to consider application ................................................46
69 Criteria Criteria for deciding application ..................................................................46
72 Eligibility criterion—Model Report for vehicle covered by entry on SEVs Register ......46
73 Eligibility criterion—Model Report for used two-wheeled or three-wheeled vehicle ....47
74 Eligibility criterion—Model Report for trailer with aggregate trailer mass of more than 4.5 tonnes .................................................................................................................47
75 Eligibility criterion—Model Report for certain vehicles subject to second stage of manufacture .................................................................48
76 Circumstances in which substantial compliance permitted ........................................48
77 Other considerations ..................................................................................................49
78 Timeframe for deciding application ............................................................................49
79 Other considerations ..................................................................................................49
72 Minister to decide application ....................................................................................49
82 Grant of approval ....................................................................................................50
83 Refusal of application ...............................................................................................50
84 Notice requirements for approval of Model Report .....................................................50
85 Notice requirements for refusal to approve Model Report ..........................................50

Subdivision B—Conditions applying to approval of model reportModel Report

74 Condition about keeping the model reportModel Report accurate and up-to-date .....51
75 Condition about keeping records relating to distribution of model reportModel Report .................................................................54
76 Condition about allowing the Department to use the model reportModel Report ...54
77 Condition about keeping records of certain testing results .....................................54
86 Condition about providing information etc. to the Secretary or an inspector .........55

Subdivision C—Variation of approved model reportModel Report

79 Variation of approved model reportModel Report .....................................................55

Subdivision D—Ministerial determinations

80 Determination—information to be contained in model reportModel Report .........56
81 Determination—compliance with standards .............................................................56

Division 4—AVV approvals

Subdivision A—Application for, and grant of, AVV approval

82 Application ...........................................................................................................58
83 Further information ...............................................................................................58
84 Minister Secretary may refuse to consider application .............................................58
85 Criteria Criteria for deciding application ..................................................................59
86 Other considerations ..................................................................................................59
87 Minister to decide95 Timeframe for deciding application ........................................60
88 Grant96 Period of AVV approval ..............................................................................60
Part 5—Import approvals

Division 1—Introduction

Division 2—RAV entry import approvals

Division 3—Non-RAV entry import approvals

Subdivision B—Conditions applying to non-RAV entry import approvals

Division 4—Reimportation import approval

Subdivision CB—Conditions applying to reimportation import approvals
Part 6—Type approvals for road vehicle components used or supplied for use in the manufacture of road vehicles

Division 1—Introduction

Simplified outline of this Part

Purpose of this Part

Division 2—Application for, and grant of, a road vehicle component type approval

Application

Further information and inspection of premises

Minister or Secretary may refuse to consider application in certain circumstances

Criteria for deciding application

Other considerations

Minister to decide

Timeframe for deciding application

Grant

Period of road vehicle component type approval

Refusal of application

Notice requirements for grant of road vehicle component type approval

Notice requirements for refusal to grant road vehicle component type approval

Division 3—Conditions applying to road vehicle component type approvals

Conditions of road vehicle component type approval

Condition about compliance with national road vehicle standards

Condition about providing evidence relating to proposed change to national road vehicle standards

Condition about a conformity of production system

Condition about providing information etc. to the Minister or Secretary or an inspector

Condition about keeping up-to-date records of supporting information

Condition about providing instructions for use or installation of component

Part 7—Variation, suspension or revocation of approval

Division 1—Introduction

Simplified outline of this Part

Purpose of this Part

Division 2—Action on Minister’s own initiative

Minister or Secretary may vary, suspend or revoke approval

Considerations in deciding whether to vary, suspend or revoke approval

Notifying holder of approval of decision to vary, suspend or revoke approval

Publication of decision to vary, suspend or revoke approval

Effect of suspension

Revocation of approval

Division 3—Suspension of approval: evidence about compliance with proposed changes to national road vehicle standards

Automatic suspension if evidence is not provided about compliance with proposed change

Suspension if insufficient evidence is provided about compliance with proposed change
Division 4—Action on request by holder of approval

185. Holder of approval may apply to vary approval for variation of approval.

186. Minister or Secretary may seek further information.

187. Minister or Secretary may vary approval.

188. Holder may apply to suspend or revoke approval.

189. Notifying holder of approval of decision to vary, suspend or revoke approval.

190. Effect of suspension.

191. Interaction with Division 2.

Division 4—Automatic suspension of approval: compliance with new or amended national road vehicle standards

192. Automatic suspension: compliance with new or amended road vehicle standards.

Part 8—Recalls of road vehicles or approved road vehicle components

Division 1—Introduction

192. Simplified outline of this Part.

193. Purpose of this Part.

194. Definitions.

Division 2—Compulsory recall of road vehicles or approved road vehicle components

195. Compulsory recall of road vehicles or approved road vehicle components.

196. Contents of a recall notice.

197. Obligations of a supplier in relation to a recall notice.

198. Holder of a type approval taken to be a supplier.

199. Notification by persons who supply road vehicles or approved road vehicle components outside Australia if there is compulsory recall.

200. Interaction of multiple recall notices.

Division 3—Voluntary recall of road vehicles or approved road vehicle components

201. Circumstances of voluntary recall of road vehicles or approved road vehicle components.

202. Notification requirements for a voluntary recall of road vehicles or approved road vehicle components.

Division 4—Conferences for proposed recall notices

Subdivision A—Conference requirements before compulsory recall

203. Minister must issue a proposed recall notice.

204. Minister to be notified if no person wishes a conference to be held.

205. Notification of conference.

206. Recommendation after conclusion of conference.

Subdivision B—Conduct of conferences

207. Conduct of conferences.

Subdivision C—Miscellaneous

208. Recall notice without delay in case of danger to the public.

209. Copy of notices under this Division to be given to suppliers.

Division 5—Miscellaneous

210. Liability under a contract of insurance.

Part 9—Cost recovery Miscellaneous

211. Division 1—Introduction

212. Simplified outline of this Part.

213. Purpose of this Part.
Part 10—Miscellaneous

Division 1—Introduction

Division 2—Publication requirements

Division 3—Miscellaneous
