

CIRCULAR 56/00-1-1

INTERPRETATIONS

Interpretation No 1 (Clauses 56.2.1, 56.2.2 and 56.2.3)

Question: Is a moped powered solely by an electric motor required to meet the requirements of clauses 56.2.1 (drive by test requirements), 56.2.2 (stationary test requirements) and 56.2.3 (requirements for 'Manufacturers' to supply information).

Answer: No. mopeds powered purely by an electric motor are only required to be tested for drive-by noise. Manufacturers' information and stationary noise test are not required.
